

Daisy : "um..Mist,what is Trace doing there?"

Misty(bursts into laughter) : "Sweet Sweet Dase.."

Daisy(frown) : "what's he upto now?"

(Misty bursts into even more laughter,Lillie enters the room)

Lillie : "um..Mist..what..what is it?"

Misty(showing everyone the ring,which she hid before to give the surprize) : "first this"

Daisy&Lillie(wonder,smile,laugh,hugs Misty) : "my god!..how romantic!"

Misty(giggle) : "tell me about the time"

Daisy(thinking) : "um..(sigh)..i get it"

Lillie(flustered) : "um..yeah he wouldn't shopli..

(Misty and Daisy bursts into laughter)(smile)

hey,what..(realizes and laughs)..i see that little brat had it with him all the time when he came in to do the swearing out at the middle of the night(all bursts into laughter)"

Misty(laughing) : "and was mobbed while purchasing"

Daisy(flustered) : "um..no Mist keep an eye on

him,in too much excitement he's being reckless"

Misty(smile,blush) : "um..as usual"

Daisy(smiles,Lillie smiles too) : "Mist,all these years..then last night... it's just.."

Misty(laugh) : "Pokemon Master"

(Misty and Daisy bursts into laughter)

Lillie(smiling) : "i wish I was there,though Gary would've never kept patience at that time of night,and i was so distraught..but today as Dase told me..(smile)..he really has become a pest(all bursts into laughter).."

Daisy(smile) : "it was just insanely amusing..i can never forget this night"

Misty(laugh) : "and the time"

(both again bursts into laughter)

Lillie(smile,frown) : "hey,you must've woken me up..(laugh)"

Misty(a bit concerned) : "Lil i'm sorry,ok? but he was just..he was suffering as much as i was if not more."

Lillie(bit dissapointed) : "um, that's ok but.."

Daisy(patting Lillie,smile) : "Lil,all one needs to do is to understand the number and the contents of the hells that she must travel through/before she finally can get to her beau(Misty&Daisy bursts into laughter)"

Lillie(surprized) : "yeah,um..but what.."

Misty(smile): "Lil,all he was trying so hard to do was to desperately make himself believe that he has done enough to be kicked out once and for all from every relationship imaginable so that now he could just aimlessly roam around the world giving everyone a piece of his mind with his pokemons and fool around with his and all other pokemons all the rest of his life as if himself a pokemon,that's all"

Lillie(flustered) : "yeah,um..strange"

Daisy(smile) : "Lil just let him come here today,i'll fix your meeting(Misty laughs), anyhow why did he turn on poor Trace again(Misty bursts into laughter)Mist,come on(laugh).."

Lillie(bit concerned) : "still Mist, isn't it just too

strange..(Misty laughs and hugs Daisy,tears in joy)"

Daisy(smile) : "Lil,the hells he talked about to Brock and us Infront of his wife and then the last line,that even a recently turned public meance like him was stuttering about(laugh hugs Misty,Misty laughs uncontrollably)"

Lillie(smile) : "Mist,get a hold on yourself sweety"

Mist(laugh) : "it's...it's just..man..(laughes again) "

Daisy(smile) : "Lil,his last line was i don't choose anyone that's not exactly me"

Lillie(smile) : "Ah!that..um..i get it now.."

Misty(smile) : "Lil,all my tears of 5 years or so and all my strains ever all just got laughed away right now,and i've been hearing this since he finally confessed..this..this is..."

Daisy(smile,patting Misty) : "I guess sometimes things like that need to(Misty brusts into laughter again)(surprized,Lillie too) what(laugh)s?"

Lillie(smile) : "Mist,you needed this laugh exactly as your cure and even your first boyfriend

Ketchum couldn't give it(laugh)"

Misty(smile,Daisy Laughs) : "well he will argue on this,but Dase(laugh)..um..sorry..it's just that almost any words is reminding me of his antics since we patched up again..(blush,Daisy&Lillie smirks)..um..anyway,he told me some novels yesterday and the same which Trace is being minutely and intricately introduced to now(laugh,Daisy laughs)..out of which one was on the fact that you and your beau are always ever a couple like as if this life itself a play but you two have always stayed as a couple like forever..as if a destiny..(laugh)but if one said destiny,he'd mouth them off to hell(laugh)..um,sorry..then from there came his ultimate point"

Daisy&Lillie(unison,smile) : "go on pretty interesting"

Misty(smile) : "see and its about the very personal life of a couple and he has even laughed that barrier off amongst all of us in a way that's just unbelievable (laugh)..um..please bear with me..

(again laugh)..um..sorry, it's just impossible to forget the antics..and it was only yesterday afternoon when he was absolutely hellbent and on creating every unimaginably cruel and unsurmountable barrier possible between anything and himself..(smile) Dase,Lil,we're sisters,and your husbands all of us..we've just been so intricately bound for so so many years,as one unit,then Ash breaks away and we go through all this and then no matter what,we always had some distance regarding personal life an then suddenly..(laughs again)..um..please stay with me..his words are still buzzing in my ears.. suddenly he app...(laughs uncontrollably)..i just can't take..(more laugh).."

Daisy(smile) : "you know Mist,that day with Mrs. Ketchum,we kinda always felt a distance since but she also was so cheerful today,we ourselves just laughed it off"(then Daisy leaves the room for some work)

Lillie(smile) : "yeah,um..i feel happy too but i wish i

could hear it LIVE"

Misty(laugh) : "all you need to do is to tell him we were destined to each other in a way so that he feels as though your not saying it directly but insinuating..(brusts into laughter)"

Lillie(bit flustered) : "um..i see but..(Misty laughs uncontrollably)(frown) Mist,cut it(smile)"

Misty(laugh) : "Lil,really i need help(hugging Lillie)...the way you are speaking is exactly the right one to insinuate something to him(laugh)"

Lillie(smile,hugging Misty) : "i see.."

Misty(smile) : "seriously Lil,i've been living a dream since we patched up,and you know it doesn't even feel a bit strange to suddenly call him my husband at all,as if the fact i was ever anything but his wife is very strange it feels"

Lillie(smile) : "yeah,we were taken aback when he suddenly talked about marriage yesterday but i thought he was just stressing upon the word but now i see the little prick really meant it(Misty laughs)"

Misty(smile) : "absolutely, and all these words started to flow as soon as he confessed and hasn't stopped since then..he just goes from extremely serious mood to absolutely 5 year child mood just one moment apart..but you know his words are as honest as you can believe no matter what the mood is..and as i was saying you can't say it was our destiny or we were right or best or perfect at all, which possibly is what he is rigorously teaching Trace now(bursts into laughter)"

Lillie(bit confused): "um..(smile) i see soulmate..always together no matter what..and then he probably extended it to saying all else was like a bad dream not really existent"

Misty(smiles, hugs Lillie) : "exactly"

Lillie(smile, hugs Misty) : "and that's seeing yourself in your spouse and the hellfire(smile, Misty giggles)..and that's exactly about yesterday-Laugh it out(both Giggles)Mist, your beau has turned himself into the

Greatest Romance Master as well...(both laughs,Misty bursts into laughter)Viol would've ate him up in joy had she been present physically here(Misty bursts into laughter again,Lillie laughs as well)"

Misty(laughing) : "she almost did yesterday itself.."

Lillie(smile) : "Viol too?"

Misty(smiles) : "oh yes!but she can't come before a day after tomorrow but then(laugh)..he's hellbent to runaway with me to unknown islands any moment(bursts into laughter)"

Lillie(laughs) : "hmm..that dense little pest has now got real dense.."(both bursts into laughter)

Misty(laughing) : "too much imagination"(again both bursts into laughter)

(Daisy enters,laughing)

Misty(laugh) : "what?Trace was scared to death?(laughes,Lillie smiles)"

Daisy(laugh) : "they'll be here for lunch today(Lillie and Misty giggles and hi-fives)and yeah pretty much,(all laugh)none can ever insinuate

that(Misty laughs aloud) that his flower was never ever not his no matter what(brusts into laughter)"

Lillie&Misty(giggling,Unison,high-five) :

"SOULMATE!"

(all three brusts into laughter in a group hug)

Lillie(laugh) : "i just can't believe how can one have such belief on himself to be right that he just nonchalantly came to patch up as if nothing ever happened and all was a play and rhat very thing turns out to be true the very next morning..the very next day all the difficulties that may be we ever had of any kind among ourselves has been just laughed away with no effort..Mist,this guy's real dense(all brusts into laughter)keep an eye always(all again brusts into laughter).."

Daisy(laughes) : "and sorry Mist,but even yesterday all we thought was that he was indeed a cheat,and then the next day we ourselves just can't help but to laugh any resentment off..(all laugh)..this is Patch-Up Master"

(all again brusts out laughter)

Misty(laughing) : "and yet you don't know what he did at Cerulian..(laugh)..oh god!..(all laughs)..after he gave me the ring i came to know that he had first travelled to Cerulian,a city which is his enemy no 1 and you know the viseversa (laughs again).."

Daisy&Lillie(smile) : "um..yeah but why would he turn on Cerulian,Mist?"

Misty(laugh) : "because his flower had to appease random guys coming around for gym badges at any time of the day...(all laugh)..(smile)..no you know what i just feel bad,he's trying so hard to make up for the years that he wasn't with me and his method is to either torture himself enough to see how i was actually feeling,but his playfullness won't allow that so he has turned his attention on in-his-words Cerulian Brats(laughs) roaming around the streets to insinuate(brusts into laughter)

Daisy(laugh) : "with that language and antics he'll restart the Sensational Masters there(all brusts

out laughing).."

Misty(laughing) : "and if i ever go back to perform again he must be managing and won't allow anyone except married woman with girl childs aged below 8"(all brusts into further laughter)

Lillie(laughing) : "yeah Mist,he's just too desparate to make the amends and already doing so with his antics"(all laughes hard)

Misty(laughing) : "and i've been going through for so many hours haven't slept a bit and look how fresh i'm...it's just.."

Daisy&Lillie(Unison) : "Pokemon Master"(all brust into laughter)

Misty(laughing) : "apart from the godforsaken Cerulian brats(all laughs)..he's even more incensed with Vultures..(brusts into laughter)"

Daisy(laugh) : "that's the reporters and pests"(all laugh)

Lillie : "and they'll insinuate(Misty brusts into laughter again) always that whatever he may do,he's just trying to trick people and that he's a

Playboy"

Misty(laugh) : "exactly,i see the pain that he had been feeling since our separation inside and just had turned on anything that had a hint of personal relationship,old friends,new friends just wanted professionalism from everyone no matter what and absolutely no personal relation...personal relationship to him is defines as Misty and that's all(blush,smile)"

Daisy(bit concerned) : "no Mist,as stubborn as you if not more,would never still come back and say he was sorry if he doesn't believe he's done any mistake and would torture himself to death trying to prove to himself that he was morally right and that is all to him let the relationship go if they don't understand me"

Lillie(concerned) : "exactly like you Mist,and as you said and even now so desperate to heal any kind of pain that he only now glaringly feels he's put you through unknowingly,now desperately wants to go through you pains again and again to

justify himself, really i mean you two truly as he said.."

Misty(blush,giggle) : "Soulmates"(Daisy&Lillie laughs)

Misty : "um,you know when he met me yesterday and himself was describing what he did to you and all else i could just see how much pain he's constantly self inflicting,he real nature is ever the sweet little Ash,but as we broke up and he felt that that nature is exactly what his Misty didn't believe him due to things happening around him and left,so he'll just try desperately to prove to himself and all else that,that nature isn't his own at all,and it had gone to a obsession where he'd tear apart anything just to see that whether despite all he did he found his Misty again who really still realized what he was trying to do and would run back to him again and again no matter what kind of demon he became.. that's exactly the hells he was talking about.."

Lillie (concerned) : "My god! what a guy..would self

mortify himself to any unimaginable hell to find his soulmate again.."

Daisy : "yeah,just opposite to Mist as she was going everywhere only to thrash them apart mercilessly as soon as her Ash showed up in them again and finally was left with nothing getting depressed till that very Ash showed up again,and this you know Mist,when he was piercing us through and through yesterday he said exactly this as an insult,as soon as he lays his first touch,you're running arter him without any consideration whatsoever"

Misty(solemn) : "truely Dase,only he could understand my problem and could do what he did..um..i don't know Dase,may be i was still way better than his own condition,what he's doing around now is the actual playfullness that his soul and what he's all about and you can see how irresistibly enticing and attractive it is now that he's just laughing off anything he ever did while self mortifying in a way that it just floods everyone

away with him to playfullness, but what he had been doing everywhere before, i just got every bit of it yesterday, and you know all those hells he talked about, not only he himself went through all and wanted more and more so did he subject me to go through with him till he himself confessed that he can't beat me and can't shrug me off"

Lillie(concerned, hugging Mist) : "Mist, i was really scared you know as well as feeling that abject pain myself, i was really afraid that infact he threatened us that even if Mist becomes insane after this, he can't be leagally harmed and all that, and we could sense what kind of monster he really had become and was only going to come at you with absolute all out to settle something that was disturbing him for a long time but you know as just 12 hours later he laughed all that off, i'm realizing monster or master(Misty smiles) he's an extremely honest guy even yesterday did only said point by point why he was hurting us citing what we might've ever done to him or to his mom and

all that...and none were wrong at all"

Daisy(concerned) : "indeed Mist,now you're telling us we can see why actually his fooling around and making all us laugh everything off as well,this guy is obsessive in his conviction that whatever his soul is directing him to do,is true and right all the time and its just that thing now in the form of laughter overflowing us as merrily as the hellfire did burn us mercilessly yesterday"

Misty : "you know,yesterday i cried like i never knew as he was dragging me through every hell he could come up with and much more than he depicted today and i seriously felt i won't be able to take it anymore,and in fact twice he calmed me down by the help of his Pokemons (Daisy&Lillie shivering hugs Misty)..(smile).. it's ok,he would've gone with me as well no matter where it took him to and you can see that he had the faith and it was only me who wanted to walk with him..he took me to unimaginable depths of hell and all the while was carefully observing me whether i budge or

not,if he felt i really did budge he would've instantly left me and himself became insane as he would've realized even his Misty won't walk with him everywhere,he would've become exactly like what a pokemon is his in human body,a total lunatic who only wanted to fool around...and even after i was coming back again and again thrashing all the fake copies he was creating to throw me off..i really thought whether we'll end ever or not given our own stubbornness and just only then did i realize that he has become an absolute lunatic in his obsession to go hell after till he destroyed every ounce of sanity he ever had and it just didn't feel to me like we could be stopped or wanted to be stopped because i too had become mad in thrashing all his hells and run after him to finally get together it just didn't feel i wanted to stop either as he himself didn't want to,later only realized what i felt then was what he was describing as come for me again and again beyond death..i realized his actual call and

obsession with himself to go beyond every death and still continue to run never stopping and sanity or insanity is a mere term there where he went(tears,Daisy and Lillie too has tears in their eyes) he wasn't Ash Ketchum at all anymore and didn't care whether i was alive at all or he himself,his being had crossed all limits and he forgot himself forgot me forgot everything just continuing his run as playfully as he is roaming around now to where he didn't know, didn't want to know but these too are only words to him,he had become the very soul that we read and that cant be described and was at a breakneck speed just playfully with crackling laughter thay all his agony had now become moving somewhere that none can describe...this is poetic and we read only but as you see your crying yourself (tears rolling down everyone's cheeks) and then i found out that i too am always travelling along with that playful march of his soul forgetting any identity i ever knew-i didn't know whether i was alive or dead or

whatever i myself wasn't Misty Waterflower anymore as he was no more Ash Ketchum,i too had become the soul thay he had become and was equally playfully going just side by side as if playing hide and seek with each other and my pain and tears had also become crackling laughter just like his,i just then felt eternally always with him constantly just the same thing appearing as two different entities to us(all cries,Misty in shivering voice)but now about to merge together but actually we didn't want to megre we wanted to keep that separation keep that distance between each other just to play that hide and seek eternally like mere kids knowing nothing else,he was me,i was him,we had no difference at all and we were only as if mischeviously keeping that distance only to fool around together always together and nothing there was possible to describe our relationship or anything,we had become the one and absolute only fooling ourselves with this appearing difference that we were projexting to

enjoy myself..in fact then i realized there was never any Ash Ketchum or anything else at all it was just me myself and Ash Ketchum was a thing i myself had created to fool around with myself and exactly to show me that was there ever any Ash Ketchum at all and Ash Ketchum had just shown me that...after this trace kinda state i came back to my senses when i suddenly heard him saying 'Misty, you must marry someone else and have a good family forget a f.. like me whoose hellbent of self destructing himself just because he can' that word and idea of anything apart from Ash Ketchum just pierced me so through and through and then his self destruction which he just had showed me to my own realization that Ash Ketchum is nothing but Misty Waterflower,i just couldn't take it anymore and screamed at him that it's either him or bust for me he just laughed at my face and that showed his own realization that he went through just like me so many times that he just knew even now he could play around

with me all he want and said the words that you won't be able to imagi..he said 'if i f .. around any random s.. would i still be f.. you around?' ..you can understand what he just threw with what kind of audacity and vulgarity at me as if this world with anything what so ever had no value whatsoever at all and he was ever the carefree soul knowing he was totally immune to anything that this world can ever imagine to throw at him and this was the whole point he wanted to show me for all these 17 years i guess which he finally could with complete mastery and utmost audacity which will throw anybody off except his soulmate all while fully knowing exactly that,and now was just as if knew my answer and just fooling around with me as he knew himself his Misty was not what was appearing before him but has ever been and being and will be his very own self-he himself-so he now decides to swear around left and right with unimaginable nonchalancy with me as if my appearance to him

meant absolutely nothing as he already knew and had the true Misty Waterflower ever always with him and will be...and these words along with my realization made me understand that he was still laughing at me with the the perfect knowledge that his real Misty will eventually in just a matter of moments pierce through the appearing Misty and no matter what he did to the appearance and Dase,when he said-i'll kill you and enjoy your slow death and see if you want to die like that again and again for me or rather get a moments chance to be with me if the former assured an uncertain but definite permanent union-he meant every word of it as he himself had long surpassed any limitations whatsoever so even if he was in this world nothing really mattered to him at all...and at this moment i just said yes he could never be not but only ever be with me as he knows it himself that i was only he himself(all crying)..this finally appeased the devil and then with that same nonchalancy and playfullness he proceeded

formally to define by word what he exactly showed me first hand that the nothing could describe our bond in between most appropriately except saying that we're soulmates and now this again would make us laugh out even in this state(tears,but smiling,Daisy and Lillie stopped crying and looking at Misty now),he finished it with probably the greatest audacity you can imagine while at that juncture as if all was just as he showed a mere appearance and self illusion with you admitted soulmate and even that that's the word he laughed off as he knew he had just shown what he meant so his appearance and behaviour or words never matter thus he said that(mild laugh,with tears,Daisy and Lillie closely looking at Misty not crying a bit flustered,with faint smiles)Ash and Misty are soulmates and this fact no vulture,be it of Cerulian or(all laugh with tears) any other godforsaken breed(now all laughing with less tears)can ever do anything about no matter what they insinuated(all laugh with tears of joy now)

and then finally admitted to reconcile with me,only after the declaration that even in his biggest all-or-none juncture,all his steps and actions has thus been rigourously proved so that(all laugh)no Cerulian Brats and Vultures (all laugh out loud) no matter what they insinuated to (all laugh again) could ever prove the fact that Ash Ketchum wasn't honest with himself(all laughs with tears)

Lil,Dase,first to me and now to us all,just as jovially he made us cry to death has he made us laugh to immortality,Ash Ketchum masterfully has shown that no matter what the Cerulian Vultures has ever insinuated to in their damn books(all laugh again),Ash Ketchum by totally self destructing himself has rather directly shown anyone what soulmate really means"(everybody bursts into tears of joy and laughter and engage in group hug,claps)

(few moments later)

Misty(tears) : "and you know Dase,Lil when i was giggling to him after this realization,Ash was even

then still fooling around and his words were 'why stupid b.. why are you laughing after going through all hells completely losing every bit of your chastity..soulmate,what a f.. word..stupid b..',can you imagine these words even in that state nonchalantly telling a girl he's about to get married that she is a stupid b.. and doesn't have any chastity?..(tears,smile)"

Lillie(shaking,sobbing) : "Mist,to anybody he can just call the most chaste woman a b.. and the viseversa and would still be equally adored by them,he had just gone beyond any limitations one can imagine...he has firmly proved that the Vultures (all laugh) just can't even touch him"

Daisy(sobbing and laughs) : "Mist,I only wish this could be written down or recorded but then again Ash Ketchum then would've insinuated (all laugh) just like what his immortal enemies (all laugh) the Cerulian Vultures has done...(all laugh)

Lillie(tears,joy) : "and even now we being from Cerulian itself,has he made us curse our own

birthplace has as nonchalantly as he could swear at his soulmate telling her she has no chastity,even during reconciliation,to a woman he laughs 'your unchaste' just before proposal and she's loving every bit of it...(claps)..(all laugh and smile and giggle)..Mist,you've known me and Dase how nonchalant we were in our younger days and saw many,but this is only very few can ever do just sitting on the verge of complete destruction only to laugh at the fact that he would still come back no matter what...(tears).."

Misty(tears) : "to again and again prove that no vulture would ever catch him or anyone else who dared to follow him"(all tears and joy,clapping)

Misty,Daisy&Lillie(Unison, hugging each other) : "Soulmate!"

(few moments later)

Misty(laugh) : "Trace hasn't still returned i guess he's being again dragged through hells"(all bursts into laughter)

Daisy(laughing) : No probably at the Lab,might be

checking all the pokemons(laugh) or just fooling around as well..(all laugh)

Lillie(smile) : "and that little brat yesterday insulted me with the same nonchalancy as when he came back to patch up that no matter what one day we'd still realize that Vultures could never tame him(all laughs)"

Daisy(laugh) : "and before leaving would play a nasty prank with someone who is most incensed with him and just hours later all 3/4 years difference would wipe out with a lecture ad around last hours of a night...really,Mist you need to be gazing him all time(all bursts into laughter)"

Misty(laughing) : "Which he himself told his mom to allow him to(all laugh)or else he'll snatch away Mr Mime and battle him(laugh,others smile),said 'we have a deal here' as nonchalantly as you can imagine(all bursts into laughter) and even to his own mom he as audaciously as you can't imagine said 'you have an idea about me and especially your daughter'(laugh,Daisy and Lillie wonders)"

Daisy(laugh) : "my god! what level of confidence that nothing really matters"

Lillie(laugh) : "if mom and dad were here,he would probably just as nonchalantly go and straight ask them 'can i runaway with Misty to nowhere?(all brusts) and somehow would've managed to do exactly that(all brusts into laughter)"

Daisy(laughing) : "i just can't believe that now we just don't have any barriers what-so-ever between any of us and can just about as well play around to our extent and all the troubles that may come would be thrown at any vulture(all laughs) to try and meticulously get figured out while we enjoy ourselves(all again laughs)"

Misty(laughing) : "and you know he didn't even want to come here to apologize yesterday the first place saying he doesn't need to,i send him Forcefully,went out saying he'll be late as he has to go revisit his farm plans and would be pretty late,went to his beloved Cerulian(all laughes) gets mobbed..and what a way to describe that as

well(laughs)

Daisy&Lillie(unison) : "go on,your beau in a half day has created a mayhem that'll take an eternity to digest and he's only getting started"(all laughs)

Misty(laughs) : "you know what they're thinking about him,and he went to Cerulian on Ganger having only Gerninja as the cover..(Daisy and Lillie laughs)..i told him to be bit cautious but now as you see he just doesn't care at all and yes i'll force him to be next time but the antics he did there..

(laugh).. according to him, Cerulian Mob thinks

1.he was the one to first reject the youngest flower forcing her into severe depression

2.then he came back to humiliate her,which when fuelled with the previous is pretty dangerous then even more dangerously

3.he broke into her room trying to kidnap her and try to reconcile which was thwarted by the flower who due to security reasons had left for to Elite4 headquarters (all brusts laughter)

thus he proudly showed how he was the one

cause due to which the Cerulian City has lost it's last flower as well(all brusts into laughter) forcing the famous gym to be shut down,all flowers having left the city and finally the Sensational Sisters also having been abruptly closed so people are incensed and he was now their central focus(all faint laugh)"

Daisy(feint smile) : "Mist,this is too dangerous you know,having only two pokemons no matter how strong they were and flying on Ganger.."

Lillie : "yeah don't let him next time.. anyhow say"

Misty(laughing) : "he said he actually played a card to mitigate the anger there by resigning from Hall of Fame,so the Cerulian brats(all smile) now think finally this new pest to public peace(all brusts into laughter) is depressed as our flower has finally trodden over his chest(all laugh) rejecting him(Misty shows the ring and all brusts into laughter)..so,this new meance now having been totally distraught has lost his mojo and went into depression and thus resigned (all laugh) so he

goes to the police station asks for protection by threatening them that unless he got protection quickly (laugh) he'd shoplift(all brusts into laughter) at this specific address(all brusts into laughter again)

Lillie(laugh) : "Mist,this is just insane..(all again laughs)"

Misty(laughing) : "so now he goes to Mr Keller and he describes his appearance to the Cerulian Mob as(all laugh)

'but then appolocalype approachs(all brusts into laughter),

suddenly that brat appears off the blue/in all smiles with his sinister crew(all brusts into laughter)/to get to a shop as if to get his due(all laugh)/suddenly he declares a ring for his beau(all uncontrollably laughs)"

Daisy(laughing) : "Ash Ketchum really has become a new pest to personal space as well...(all brusts into laughter)"

Misty(laughing) : "then according to him the

Cerulians say->

'what a night this comrades Cerulian/we must very first get rid of this evil king demon(all laugh)/so comrades lets come and challenge to this man/force him show what he hides below his tan'(all brusts into laughter)

Lillie(laughs) : "and he only had Gerninja as fresh"

Misty(laughing) : "they mob him and accuse him of abducting the youngest flower and insinuate (all brusts into laughter) that the Gym,the Sisters and the Show all gone due to him,infact not one but he has abducted all the four flowers(all brusts into laughter) to which he challenges them 50 on 1 with Gerninja all at a time"

Daisy&Lillie(awestruck) : "my god!what if.."

Misty(laugh) : "his logic is that the more pokemon the more illusion over his ability"

Daisy(concerned) : "really Mist,you have to lease him well(all laughs)..this is too much"

Misty(laughs) : "yeah,i'll but just look at his nonchalancy just hours after going through all

hells to get his soulmate and then all of your stares and all..just laughs at everything and then as the number confused them and he said Gerninja isn't found naturally in Kanto so more confusion, is the meantime he placed the order(all brusts into laughter)

Lillie(laughing) : "this is just classic"(all laugh)

Misty (laughing) : "then he retorts them why were they so angry and then appeases them by saying Cerulian has best diamonds in the world so where would he go, buying himself the time to deal in the shop(all laughs again), then the mob retorts all their accusations, tonwhich and now(laugh) please help..he says what do you people want the Sisters or the Performance show(all brusts into laughter)"

Daisy(laugh) : "this was said to a ferocious mob just about to jump on him with one pokemon and limited police in that short space...and this time that he bought, he proceeded with the shopping.. (all brusts into laughter)"

Misty(laughing) : "this according to him made the

mob absolutely confused then he showed them some Gerninja balance tricks all tricks and finally dispersed them completely by saying if they mob him and hold him up, his fiancée won't appreciate the Cerulian people (shows the ring and all bursts into laughter) as much as their diamonds (all bursts into laughter)"

Lillie(laugh) : "then he came here to apologize (all laughs even more)"

Misty(laughing) : "and he assured them that he had nothing to do with the gym leader he just thought he could help and so on and said she'll be back probably holidaying somewhere burnt out overworking and so on (shows her ring again, all laugh) and before leaving gave them the ultimate advice that no matter how electrifying darling of masses may the sisters have been (all laugh) they have to also settle down and have a nice family (all laugh) and whether their own beloved fans won't spare them even for this bit (all laughs) which is his sentiment card that totally decimated the mob

and he came he with flying colours(all bursts into laughter"

Daisy(laughing) : "this just keeps getting better and better (all laugh) he even managed to give an insurmountable defense for us as well..Mist, long live Pokemon Master"(all bursts into laughter)

Misty(laughing) : "then he brutally slaughtered all of you(laugh)"

Lillie(laugh) : "know even that would do go on.."

Daisy(laugh) : "we can't mind anymore at all"

Misty(laugh) : "he said first Daisy doesn't allow him to enter(Daisy laughs),then calls him b.. all the time(all laugh),then when he finally calms her down with how he only tried to judge her baby sister only etc she finally budes and in the meantime Trace comes out to gauge(all laugh) the situation but eats a death glare from Daisy(all laugh) and doesn't come into any help to him as usual as he has always pestered him whenever he got his flower alone(all bursts into laughter) since Orange Islands(all laughs even more),then Daisy

gives him merching order telling him to at that time of night don't use her as a shield to protect himself from infidelity that too on his first night(all smiles,Daisy shakes her head) as if unless she told he would've exactly done that(all laugh) which made Daisy to return basking in her glorious victory (all brusts into laughter) while dragging poor Tracy with her as she thought is influence has already corrupted her husband(all brusts into laughter) by every means(all laugh)

Daisy(laugh) : "he has even made me laugh with this as well"

Misty(bit concerned) : "but um.."

Lillie(laugh) : "go on my child has got enough recreation for the entire life already"(all brusts into laughter)

Misty(laugh) : "Gary is jealous of him for taking away his bad boy championship(all laughs) but quickly cools down as he hears his now well polished defence(all laugh) only to be sent to the lionesses (Lillie laughs hard) who was the biggest

threat(all laugh) to his eventual marriage (all
brusts into laughter)..then he says that the
lionesses directly jumps to prey upon him by again
calling him names and whatnot while he says that
at this time she should take rest which the
lionesses brushes aside by accusing he'll cheat on
her baby Mist that night itself(all laughs) oh and
by the way Daisy also told him that he threatened
her baby Mist to reconciliation(all laughs) now the
lionesses continues to her victory march depicting
how much he has fallen pauses to bite him saying
he'll definitely leave her sister and finally goes to
the end by stating he has no chance of
reconciliation with anyone to which he all the while
says that she must take care of herself and then
finally dragging Gary's name in he tames the
lionesses (Lillie brusts into laughter)(all laugh) but
still she paws him by giving the marching orders
while reminding him of the root to his just wed
wife as if otherwise he would've lost the way(all
laughs uncontrollably),then as he comes out,the

lion jumps upon him to politely bark him(all brusts into laughter) to his grandpa,who was waiting patiently for his turn which was unfortunately he on the day(all brusts into laughter)"

Lillie(laughing) : "this no comedy can ever give you,Ketchum has really caught us all(all brusts into laughter)

Misty(laughing) : "he says he had to be extra careful to lick the boots of the old bear(all laughs) so that he doesn't have to transfer all his pokemons that night itself playing the childhood-home and humility-despite-fame card that rather appeases the professor but he beaks his head off questioning about his pokemons and whatnot (all brusts into laughter) which on the backdrop of his Cerulian adventure is the most boring anticlimax (all brusts into laughter) anyway he somehow manages to get out only to be absolutely incensed to realize that that very momnet,the gentleman-looking-most-cunning fox named Trace(all uncontrollably laughs) is dreaming in the Orange

of Oranges with his flower(Daisy laughs out loud) while he was toiling hard to even get to his own flower this realization angers him extremely (all laugh) so he tells ganger to fetch the brat immediately (all laughs uncontrollably) which he tickllly obliges(all brusts into laughter) as the sweet sweet fox(all brusts into laughter) comes out he doesn't know which side to sail to(all laughs) only managing to fire out the why drag all in bullet which by then he repeated so many times that he got angrier(all laughs) and fired in the canonball that all he wanted to do was to check the chemistry before parade(all laugh,Daisy shakes her head) which this fox wickedly shields (all laughs) by saying that they'll not be his flower but follow suit always which stuns him so much that he resorts to the embrace-it-out option(all laugh) meanwhile Daisy again comes out with fhe groundbreaking declaration that she had evsdropped them(Daisy brusts into laughter,others follow suit) which as if was unknown to him(all

brusts into laughter) and declares that why he was back whether he had spoken to yer younger lionesses (all brusts into laughter) etc to which he continues the sentiment card which Daisy doesn't think she can handle for long(all brusts into laughter) thus tries to pull off his own trick on him(all laughs) by selling him the same wisdom nut he had earlier sold her(all brusts into laughter) saying that alright she admitted her baby Mist went to him intentionally and would roam around him all her want for the rest of her life(Misty laughs,others smile)but she shouldn't suffer for her devotion (all smile) which he rather ducks out(all laughs) but is again incensed again seeing her crooked man(all laughs) was enjoying his death all the while smirking and thinking of the final attack that'll absolutely nail him down(all brusts into laughter),so to foild Daisy again from dragging him inside(Daisy laughs) he uses him to insinuate (all brusts into laughter) that his actions endangered his pokemons which this wicked fox

jokes out(all laugh) and makes a comeback by advising him to phone around all from Brock to God(all laughs uncontrollably) which he then somehow bypasses only to be so incensed as this constant hindrance having pestered him for 15 hears whenever he wanted to adore his flower in complete seclusion(all laughs) and even today was upto his old tricks(all brusts into laughter)he using Ganger again creates an illusion to play a prank on Brock of all people who was most incensed with him and viseversa for trying to detach hia flower from him(all laughs)..by-the-way,sweet sweet Brock(all laughs) is in a real danger now which his sweet sweet Trace(all laughes) got into today again as he was hugging his flower(Misty blushes, other two smirks) snatching her away from the kitchen threatening his mom of robbing her pokemon (all brusts into laughter) and his 15 year long nemesis again had to choose the exact same time(all brusts into laughter) to insinuate that(all again laughes) he

was his flowers BEST choice(all laughs uncontrollably) which as usual he started with sweeting the man only to call a false alarm and forcing everyone out of the home with the intention to have the grand lunch here today(all brusts into laughter) and has probably showed Trace all kinds of hell that he didn't show me and rigourously proved to him about one being-two appearance-only for the illusion to break theory unless he truely has killed him(all brusts into laughter) which he will do as he now possibly has come to know the intricate details of each of those damn brats(all laughs) that had the audacity to even look at his flower(all brusts into laughter) while he wasn't (all brusts into laughter) which includes unmarried females as well(all laugh) as due to him this brand if young has always been a constant problem for him(all brusts into laughter) to handle and according to him they tried many pranks to get his attention off from his flower(all brusts into laughter) as well as the threat that they

might've influenced his flower rubbing her the wrong way(all laughs uncontrollably) so Brock being a constant encouragement of such brats(all laughs),his time is really numbered(all bursts into laughter) though hopefully in the last hours of night Trace of all people again to his utter disdain(all laughs) had the audacity to call him and insinuate (all laughs) that his actions weren't right(all laugh)..and you know thank God that i snatched his phone away otherwise he would've again set Ganger upon on you(all laughs) and this was after he could give the ring(smile,blush) which if wasn't the case Trace would've been in such hellfire that no vulture(all laugh) ever could've insinuated him out of it(all bursts into laughter)...then Trace rather idiotically forces her flower to compell him to call Brock to God(all laugh) at that time of night,and already these little Vultures insinuating around him if weren't enough(all bursts into laughter) only for him now they had their dirty eyes on his flower's beauty

nap(all bursts into laughter) as well,so this sends him right into hell(all bursts into laughter) and i somehow managed to dissuade him from appearing on Gengar in Brock's bed that very night(all bursts into laughter) and that too having known that even on that day Brock had the audacity to not only doubt him but directly causing his flower some pain on her first night by insinuating (all laughs) her that he doesn't quite understand it,and this had put him out of his mind absolutely and he wanted to personally empty the whole Oak Lab pokémons on Cerulian and Brock(all bursts into laughter) and possibly on the whole world(all bursts into laughter) or may be alert the whole Elite4 to crush every vulture(all laugh) that ever appeared on Cerulian sky that day(all bursts into laughter) but he would've absolutely loved to completely devour sweet sweet Brock(all laughs) himself and i barely managed to calm the Gyarados of Gyradoses down(all bursts into laughter) only to tell him to

phone-it-out(all laughs),which he obliged and started with telling Brock that he expected more help from males than females during his separation (all brusts into laughter) which to his utter disdain turned out to be the exact opposite(all brusts into laughter) making him absolutely loath every being on the planet apart from his mom and flower(all brusts into laughter),as Brock tried to make a sentimental comeback saying he hadn't spoken for 3/4 years,he just thunder chaired him off(all brusts into laughter) saying whether Brock was insinuating that(all laugh) he needed to announce to the world his longing for his beau(all laughs absolute uncontrollably)"

(few moments later,Misty lying down still has a fit of laughter,Daisy also laughs aloud,as we as Lillie)

Daisy(laughing) : "then Brock still had the audacity to challenge him to a rigourous insinuate-it-out(all brusts into laughter) which truely made sweet

sweet Brock(all brusts into laughter) his biggest ever singular enemy ever imaginable(all again laughs)"

Misty(laughes) : "then suddenly Brock decided to connect with sweet sweet Viol of all people...(all brusts into laughter)..who started with screeching him names to which he politely pointed out that it'll only harm her song performances (all uncontrollably laughs) which startled Viol so much that she(all laugh)said why was he not sleeping then(all brusts into laughter) to which he scoffed to Viol of all people that her beau was feeling lonely (all uncontrollably laughs) which again incensed Viol so much that she was about to go overdrive and just as she thundered the first b..(all laugh) he politely pointed out that at that moment the b.. is trying to dissuade Misty flower from attacking him(Misty blushes,others pat her)..which truely threw Viol off her track(all laughes uncontrollably) buying him the time(all laugh) to growl at Brock why was he so incensed

about the fact that he called him a lunatic un.. l.. r..
Infront of his then beau(all shakes their heads)
and showed some fake documents (all
shivering)..no wait this is what makes him the
Pokemon Master,as he fired these two both Viol
and Brock went into overdrive,in the meantime he
came back to quickly adore his flower once
more(Misty blushs and laughs,others
laugh),reminding his flower to not let the
gentleman-fox(all Laughs) and his sinister
flower(all laughs,Daisy Laughs out loud) mingle
longer with her.(all laughs uncontrollably) and
return to Brock to God to Viol(all laugh) that as he
was saying(all laughs) he only did Viol the
Greatest service of her life..and um..Dase this is
what we've been wondering about that how can he
be proved right even in this case..which utterly
stops Viol as Brock then tries to make a
insinuating comeback(all laugh) that what was he
upto with Misty,to which he scoffs that why was
he upset that while he gave Brock the chance to

pick Viol flower which he happily obliged,Brock of all people never gave him the chance to pick up his Misty flower,then as all was totally silent including God to Viol(all laughs) he growled at Viol that he swore her husband out of his slumber for all wrong flowers to make him realize the right one and now Viol flower was insinuating (all laugh) to him that he will tear apart Misty flower,whom he has gone through so many hells to get to(all smile),at which though Viol Flower didn't like this constant flower business (all uncontrollably laughs) anymore,she had to admit that she's so happy with Brock(all bursts into laughter) to Brocks abject failure to swear at the Pokemon Master..(all laughs)...now that Brock to God to Viol Flower all having calmed down the master played the master trick telling Viol to take rest as she had to fly out that very morning(astonished)..no i didn't know either how he guessed that,to which he later told that a perfectionist like Viol when it comes to her

performance would always be calmed down with that enough to get herself concentrated again by being distracted(all laughs) so he played a guess and suddenly that turned out to be right as he also thought otherwise Viol being Voil won't stay awake at that time unless she had a plane to catch the very morning being a perfectionist (all bursts into laughter),then he himself sweet talked Viol off saying his pathetic 17 year journey(all laugh) has made himself rather detached from the world of art(all bursts into laughter) which he would like to rekindle may be sometimes later(all laugh) with the addition that he has travelled the whole world but whether Brock thought this Mankyke(all bursts into laughter) was the most artistic (all bursts into laughter) to this Brock was dumbfounded (all laugh) as Viol was very happy and went on to tell Brock how sweet her Mankyke was(all laugh),then congratulated Ash on his title and Misty flower and got disconnected(all laugh) then he swore Brock left and right basically

telling him that a half-grown brat(all laugh) like him should've been the first to realize his heart-wrenching pain for his flower(all smiles,Misty blushs,giggles) and he did the exact opposite only by encouraging underground sludge to flow upto the ground and try desparately to reach his flower,and some portion of which had the audacity to challenge him during his Unova Elite4 battle by insinuating something(all shake their heads)..no Dase this is the only time i saw him angry and you won't like to face it as yesterday just after he started to torture me i saw that same fire in his eyes when he instructed his pokemons to snatch mine away and if any brat human or pokemon disturbed him today despite Pikachu being there,he threatened his bunch to forsake them forever (all very concerned)..he told them not to kill any persons but if there were any pokebrat(all smile) misbehaving including mine,then to mercilessly kill them off(all shivering)after the first warning and he engaged his 4 pokemons to make

sure i don't have a heart attack or faint or any discomfort(all shivers) which um..well...Bulbasaur and all else were excellent and he sleep powdered me just at the right times and just enough to make myself calm down while i could hear and cognize,a pokemon did that like the most professional doctor(all wonder)..which he later said Bulbasaur being the eternal guardian to all, understood to some extent from body movements and inferred condition of humans now that he was always beside Gary as well,so he trusted him on this,and Bulbasaur behaved just like a human,which actually is Ash's biggest strength that he knows he has atleast one of the 85 beings beside him all the time including Mime,that would be beside him till infinity (all smile)he told me many times that they too were his soulmates(all smile, hugging Misty)...then i saw what sort of height pokemon master's pokemons has reached all did things like a well trained Military with Snorlax bossing around the area and he was from

orange and yeah he gave Ash the Hoenn league but only then I saw the might of him, that adorable snoring sleeping round teddy bear looked like he has gobbled up the whole world and has become its guardian and sole responsibility.. and truly Lil, that little sweet Pikachu that plays around no matter what he did in Sinnoh or Kalos, this Pikachu's was just burning as if nothing in the world could go past him that day no matter who they were or how many and as if he had become Ash himself, then that devilish determination to the goal to obey his master no matter what...(all wonder and shiver)..and the whole other lab pokemons were so disciplined and this was itself a false alarm as he told me..(all wonder)...as he later casually laughed it off saying Snorlax's concern and Pikachu's rage was enough for the rest of his own to follow suit and the others to properly behave all the while Bulbasaur and his Dark gang worked upon me without being disturbed by anything outside as if they've

forgotten everything except me..Bulbasaur looked after me just as any professional doctor would do and his 3 dark types were at my nerves and somehow made myself feel a bit light just as i saw them each time as if they were trying to tell me why are you so concerned?you'll get through this and then we'll play around all we want...after each of his hellrounds one by one mercilessly tore my body apart...well,um..he started with swearing me then completely scoffed away..um..purity(Daisy&Lillie shivers)...Dase,what he did to me mentally and verbally,no h.. b... would be able to do that in their wildest dreams physically,he tore apart every bit of my body simply by swearing them off then came to my mind where every idea of kindness etc he mercilessly attacked...you can realize now what he was doing (all smile)..he just was desperately trying to take my focus away from body and sentiments and emotions to the soul and in the same process i was watching what he was doing

to himself he was just thrashing himself to death before me and waiting for me to follow suit all the while his pokemons were robotically doing what they were told to...and i finally had my moment and we finally patched up when his jovial real self came out and that did what it did(all smile),that torture..unless one himself have gone through it several times and knows every bit of can subject another to that..and he was swearing me left and right to insult me at the same time he swore me even more only to remind me that i had the strength to follow suit and he knows it...he had more faith in me than myself which actually..um.. (blushes)

Daisy(smile,patting Misty) : "your own faith in his abilities when he first started out,just repayed you that(Misty giggle and blush)"

Lillie(smile) : "truely a Pokemon Master"

Misty(blush) : "yeah that's what he told and you know why he told that and i just realized what Ash Ketchum had become...just like in Pokemon

World,he doesn't have any match in this world when it comes to control over his neves even when as he was dying and on that of any Pokemons...he in the meantime battled me to show his power,i was incensed enough myself,he got Gyarados of all for me,and used Bulbasaur who just stood there like a statue looking at Gyarados,who to my then worst nightmare..you know the best that in my own powers, Gyarados was just like the Master's Pokemons if not more and that Gyarados despite me screaming my head off to flamethrow Bulbasaur,kept looking at Bulbasaur and Ash,then looked at me as if she couldn't believe why she was out of the Pokeball itself,then just calmly lied down beside me,and i've barely seen her lie down and she did it while on the ground,which she hasn't than more than once or twice before...i was scared to death as i couldn't believe my most trusted sweetie just left me at that moment..to which Ash just smiled and came and tendered her..and even at that point i

saw,he was still the same playfull kid to Gyarados as ever,and my Gyarados looked at him with the same care that she has ever done to me if not more...then Ash recalled her again and that sweet tender Ash of mine whom i just couldn't help but to fell for since the first sight(all tender Misty),just in a moments notice went to the next devillish hell and Bulbasaur nonchalantly returned to tender me as if nothing ever happened for Ash only later telling me,if he pushed himself to the limits he could control lenegdary pokemons at his will as well but not for a long time and he was at that moment hismself torturing him to death as well and then on my Gyarados of all pokemons,he just tamed her as if she was his soulmate too(all tears)...and i saw then his real power and slowly realized that none could rescue me from this demon except myself(smile,all else smile) and just went on;none can reach it unless he's ferociously honest with himself that he can never harm any pokemons or their trainers no matter

what his words and behaviour were and he told me if that was my Goldy, Goldy probably would've hugged him to death as he knew him personally for a long time..my Goldy would've been so assured no matter what was happening to me that he would cuddle my oppressor and it's lunatic in normal condition but if Gyarados could do that,Goldy could certainly do that(all shiver and smile)..he told me his only concern when it comes to My pokemons is Dewgong as he is the Gym's leader pokemon,he Ash can't tame psychologically no matter what,but i was only happy cause no matter how strong Dewgong is,he would've been totally torn apart by the whole Lab pokemons that day if he didn't budge at Bulbasaur's first warning,as i only later came to know that he wisely gave me Gyarados and not Dewgong,cause he himself would have been able to stop all but Pikachu if Dewgong attacked Bulbasaur as Pikachu just about turned to Gyarados but Noivern,who was closely observing Gyarados,he

didn't come close as Noivern signalled him that Gyarados isn't misbehaving, you can imagine what level his pokemons are at and all Bulbasaur did was to signal Gyarados that, Ash was trying to help me calm down only (smile, all smile), Lil, Dase when later he told me his pokemons are his soulmates i realized what he meant, it is a fully trained unmatched battalion except Pikachu and Mime who would go to any hell with him, Mime was spared for his Mom, though she can herself become pretty insanely unstoppable with all her psychic powers cause she alone has to defend Mrs Ketchum if she wished so and Pikachu's temperament is that he is Ash's big brother (all smile), so he would rather look after him than to follow him (laugh, rest smile) and this itself made him most dangerous to anything that Ash felt any threat from.."

Lillie (smile) : "yeah, Gary said he has never seen anything like a phenomena Pikachu has become, because Ash won't battle him again he's

upset and thinks his 'lil bro has gone to the bushes(all laugh loudly) so he won't talk with him much(all laugh hard), that's why he keeps a bit distance from Ash since he has returned.."

Daisy(laughing) : "well he threatened his sweet sweet Trace today with Pikachu right Mist?(all laugh)"

Misty(laugh) : "the moment he heard Trace,he screamed Thunder Chair(all laugh)..and Pikachu threatened Trace like nothing(all laughs).."

Daisy(laugh) : "it's unbelievable that how those little pests can threaten or fondle anybody according to Ash's will and yet mean no harm,the first time he came back,as soon as Trace pronounces "Mist" he bursts into "Thunderbolt" and Pikachu scared Gary and Trace to death by jumping on Trace only to scratch his nose(all laugh)politely(all laughs uncontrollably)"

Lillie(laugh) : "right,later we were told unless Ash really means it,Pikachu won't even attack a single pokemon but Ash's only concern is that if Pikachu

is with him and someone punches him and something and he gets angry and gets involved but the opposition is more powerful or more in number for the Master to insinuate himself out(all laugh) and getting angrier and feeling physically threatened during a long skirmish,then if Pikachu is with him or near him or somebody brings him to Ash,even Ash can't stop Pikachu from thunder chairing the whole world(smile)Grandpa' said there's no record of a Pokemon being able to judge his Master and even boss him around like Pikachu can do,so Ash calmed the brat(all smile) down saying he's done many things for a long time why doesn't he take rest at home(all laugh) and at the same time insinuating that Pikachu(all laugh) has become too lazy and wants to drink too much(all laugh) so Pikachu also got angry and conspiring with Mime and Ganger(all laugh) eat all his food, tickled him whole day whenever they caught him,and pestered him the whole night(all laugh),so the two brothers aren't on good terms(all

laugh) though they're too professional (all laugh) to bring their personal matters(all laugh) to their business partnership (all bursts into laughter)"

Misty(laughing) : "mom was insinuating (all laugh) that if Ganger and those other two sinister dark devils(all laugh) has done something to Ash(all laugh) as she isn't fond of Ganger(all laugh) as he pesters her as usual(all laugh) and Mime is too disobedient while Ash is around(all laugh),Pikachu isn't talking with Ash(all laugh) and the other two unknown Devils that Ash has got straight from hell(all laugh) doesn't seem to have saintly motives(all bursts into laughter)..to which i told her a bit of Ash's supremely heightened ability and nerve control,to which she opined that he must be lonely then(all bursts into laughter),giving Ash the golden chance to re-insinuate(all laugh) her that she herself has just admitted that he can even infront of his mom adore his flower(Misty blushes, others pat her)"

Daisy(laughing) : "..all he wants and making a deal

with Mrs Ketchum that unless he gets to fondle his sweet sweet flower all the time,Mime is going to circus(Misty blushes,others smirk and pat) with his sworn-in(all laugh) enemy,the gentleman-crook(all brusts into laughter)"

(few moments later)

Misty:"then after calming down Gyarados he again went on to torture me...and so on..anyhow when he looked that way scoffing at Brock,i felt scared to which he just pat my head(blush,rest smile) and told me that it was again his trash talking that'll work,which did...Brock got infuriated to start that game which was exactly what he dragged Brock to and then you know the rest(all smile)..and about the sludges he told me that they went to Unova and no he never wanted to know about them or why they had come but could see them that they had some personal problems with him and they suddenly challenged him just before his E4 match as he out of irritation scoffed at them,which he calmly accepted just for Kingler to

nonchalantly adore the sludge brands biggest strength Slobro to gleefully submit as if Slobro was her long lost best friend, and as sludges couldn't believe what they just saw and, the public glare eventually lightened upon dark sludges for disturbing the Elite4 challenger who was a budding once ever enigma with his Kalos win itself..and sluges were such buffoons that they thought they could beat all Elite4 with their lackies just because they won Kanto and Orange around retirement (scoff)...sludges being a well known enough for the stench emanating, it took Ash some trouble but still he managed to utterly fool around with Unova Elite4 in all departments and saved the sludges from public humiliation by changing their names and so on..yup Pokemon Master made his biggest enemies his absolute pets in no time by humility, actually triggering my depression to that worst turn only for he himself to rescue me (fondles her ring and Giggle, all group hug)..oh and on our first night he again praised the

sludges that went to challenge him to Unova,saying he in that position would've done the same but he then just complained that the boneheads should've realized that not many people can win 6 leagues and then the last one with that kind of utmost nonchalancy and playfullness and that too after winning all 32 badges of that Region,(proudly)22 Badges in Unova,11 in Sinnoh,(kisses her ring fondly)winning the final as 1 vs 8,and these all are much later,my Ash even before this has won 2 leagues and battle frontier(kisses her ring) with a few contest ribbons as well,and the boneheads did what they did...Ash said that they should've realized that may be none ever has fooled around in a league Final and just laughing his challenger off to defeat(fondly kisses her ring)...all these none has ever done this and they can't from unless they were very honest to the core(all smile,Misty kisses her ring fondly again),thus the sludges didn't need to be concerned about their beaus's former crushes at

least as long as it was about him no matter what the press told about him,even if he had fondled the sludge's beau ever,he has no jealousy about it and won't pester his honeymoon at all(angry, others tender Misty)..and Dase,Lil,actually i realized what a disservice the sludges did to both of us,after that he praised the sludges to heaven for winning Kanto,which he himself could only reach upto the last 16(all smile)..(in a proud,tense voice) without telling the sludges that it was only Master's very first and even with his catterprie the Master would've sludged the sludge's sludge slobro on the very second day of his journey in his sleep...(Misty kisses her ring fondly,other tenders Misty,calm voice broad and proud smile)and he even congratulated the sludges for being a two league champions and atleast having the guts to stand up for their beau(shivering voice,others smile) no matter how tough a hurdle Ash Ketchum posed(smile,tears,others pat Misty)...praising the sludges again,now he bore the dirt thrown yet

saving the sludges from Elite4 wrath and public humiliation..then the sludges still don't know what a grave mistake they committed,it could've been that very moment they could've been thunder-chaired to their adorable dreams(shivers)..by stating that they were straight from Cerulian seawage...(shiver)..as they were so grateful that they wanted to be f.. around like all those h..b.. waiting at his feet all the time..(angry,tears,all pats Misty).(smile,Misty kisses her ring very fondly again)..and look at the Master's heart even then,he complemented him saying he expected this from a Cerulian and that too being a two league champion and the City was near Pallet his respect has only increased to meet some real sludges like them straight from Cerulian drains(all laugh)..(laugh).. though now we know all about it..(all laugh)...but i didn't understand it when the sludges returned and again was trying to stench my gym went so overboard just cause they were given the opportunity by the Master to have a coffee,thet

they went on insinuating me if they were me they would've thrown themselves at the Master's feet all the time...(tears,kissing her ring again,all pats Misty)...no,Dase,Lil,after all this i can tell you why exactly i got so depressed and this was it...and the reason was the Master himself,and Ash started to torture me and just mouth off my purity from exactly this point(tears,again kisses her ring fondly)...i then just realized what Ash mercilessly told me yesterday that he had me for 13 years and had my whole mind and body totally scanned and i of all didn't need to hide anything from him just like he himself,we grew up together(kissing the ring)..he never bothered about any physical closure with me despite knowing my devotion for him(sobbing)..and you yourself know what he says here...he told me that he was infatuated with me,attracted to me,and no neither did i ever notice anything except may be he kept his hands on my shouldrs a bit too long or held my hands a bit too long or gazed my face a bit too long with

adoration...(all smile,Misty kisses her ring fondly again)..and that's all.he just liked to pass time alone with me that's all.and there too,never went overboard about any compliments at all except the 'you look cute' or when he was my boyfriend would just pat my hands while saying that and that's all...he never hugged me in any other way than a good friend does,not even when he was my boyfriend,not even the day we had our first kiss(tears,kisses her ring adorably, others pat)...never any more than that despite me only being his one nod away from getting all over him and especially all the time i saw him after his sinnoh miracle...and all we ever did then was to have one kiss,and that too he yesterday said was all his fault if he got weak like a h.. b..yeah said it to himself..that day and couldn't keep to himself despite me not wanting that but may be ultimately agreeing to cause i got too emotional and he said may be he shamelessly took a chance on my warmth for him(tears,kisses her ring)...and he was

my boyfriend,he knew how much i wanted him,still apologized yesterday if i wasn't in the mood that day and he was a shameless.."

(tears,kisses her ring,others tears,pats her)

Lillie(tears) : "Mist,i've now realized what he told me yesterday and why he was so nonchalant about it that he didn't even bother to appologize,he knew what me and Gary meant to each other and he knew the past and he hit that point only to see if we'd still believe him to be just fooling around or not..we never would but i get his point now...if it was so strong why would you be too emotional no matter what,which i was..just laugh it off some times later.it's still within family and all knew who you were including grandpa...(sobbs)..and we've known each other for so so many years that yes we've found our soulmates but its still at the end an extremely unique bond that we share may be even more than a family and that's why nothing can topple it,nothing none would be bothered about,we are just too known too each other that

even the very private life never mattered just that we don't need to rigourously talk about it and that's all,Mist you can realize when he went on to the comparisons,he broke apart anything we might ever have felt about others in our darkest and weakest days,but now we were way ahead,but if that wasn't yet cleared,the master would insinuate-it-out(all laugh)...(smile)that little brat trash talked us to his beloved hellfires to break any barrier that he felt were insinuating (all tears and laugh) something by totally mortifying himself and yes if he does that again we'll do the same but..if you get me..."

Daisy(sobbing) : "he tore himself apart from us solidifing our bond by killing off any unimaginable Cerulian sludge(all tears,laugh) who may ever dare to vulture around(all smile)outside on in our mind itself due to the past and the unique bond...all the while we loathed him to absolute hell,he just sweward off any reservations we could ever imagine"

Lillie(smile) : "no we don't imagine that and that brat should've known it(all laugh) but he mercilessly thunder-chaired all unimaginable vultures(all smile) that made his own life a living hell,even before they dared to come into existence even mentally,especially as our children would grow up and new staffs would come in and all that...a change of guard...and most glaringly and that was his point he was about to do that himself,our soilmates would only get closer and closer..and all darkness would be sweared off to hellfire rounds where he would go too..(all laugh)that little obsessive self-destructive pest indeed is a new meance to personal space"(all brusts into laughter)

Daisy(smile) : "and this same thing he did to Brock,and now look at him...for all his qualities the vulture-killer(all laugh) sweared off his one mental barrier without knowing what it was but just doing enough insinuattion(all laugh) to Brock to insinuate-it-out(all laugh) himself...Mist,we need

your beau as well(all brusts into laughter)"

Lillie(laugh) : "and even if he went to hell yesterday,and many years later any vulture(smile) suddenly appeared in our wildest dreams,we would remember that merciless swearing-in ceremony (all laugh) so that the Vultures will again be proved that truely nowhere can they ever catch the Pokemon Master..(all brusts into laughter)"

Daisy(laugh) : "Mist,in your trance travelling as soul,next time remember Vultures are always there(all brusts into laughter)"

Lillie(laugh) : "especially the godforsaken Cerulian breed(all again brusts into laughter)"...

(all laughs for a few moments)

Misty(smile) : "but you know he then told the sludges that their girlfriends were in safe hands and he wished them luck(all smile)..this he told me at night,so then i realized why those sludges was so overjoyed that day...(smile)....and

Dase,Lil,even yesterday,even after giving me,his

soulmate the engagement ring for which he totally mortified himself for so long, but then making me feel his eternal wife just in hours, my Ash still told me that if he never came, I would've been in safe hands (tears, kisses her ring fondly, others pat Misty)"

Daisy : "really Mist, the sludges are really lucky that they ever even had a chance to meet a person like this"

Lillie : "yeah, and hopefully it gives them a better life"

Misty (tears, smile) : "and also after I got to know his pokemons powers over nerves his own powers etc and this is after I got my ring, suddenly as if something had bitten him, some memory, he just forced me away from him and fervently apologized that if I ever think that he forced me to be with him using his powers and pokemons and something illegal that his association with the team rocket busting operation made him familiar with, he told me even then that if I thought so, he

fervently apologies and even
then(tears,smile,kissing her ring),even then told
me if i thought he has got me back deceitfully,i
can still leave him immediately,he will be doing
whatever i tell him to apologize properly(tears,
kisses her ring again very tenderly).."

Lillie(smile) : "Mist,even if he has deceived you,you
won't get a better man in any lifves(hugs Misty) if
there's more than one..."

Daisy(patting Misty) : "you know we never really
thought Ketchum was the right one for
you,never...i had my doubts till i heard that speech
myself..no man or woman who doesn't longed for
his beau with all soul imaginable,can so intricately
yet so nonchalantly say the things he said...after
that me and Trace we just kept looking at each
other then both smiled and Trace said that he
never believed Ash and Misty could be separated
since he saw them(Misty blush,Lillie smile,smile)
he said that he had seen people fooling around
and fighting in between to be close and all that but

this fight was so sweet that he felt none actually ever wanted it to stop at all and would rather like to literally kill each other than to stop or be friends;this fighting just was an expression of their intense longing for each other all the time,simply because their longing for each other was so deep that they just at that age couldn't help but to fight-it-out(all laugh) all the time to express that to each other that without the other they just can't think anything,this longing was so intense for their 17 year selves,it was just impossible to grasp and manifest it...and i told him that i never believed in Ash but not only has he proved me totally wrong he has depicted to me,my own journey and longing for my soulmate so vividly yet so enjoyably that i would say i wish i was in those rounds again and again just to enjoy it again and again(all smiles)"

Misty(smile) : "yeah,and when i then just scoffed at him when he was insinuating (all laugh) that i may think he was deceived me,he again went onto

proving as to what was he doing, but this time very naively and again was about to play his hellfire rounds and this time it was more dangerous cause he wanted to show me that indeed he has cheated thus now he would again tear himself apart and let me see his self destruction till i got my answer, but this time i just gave a good scolding(all laugh) and he calmed down(giggle)" Daisy(smile) : "no Misty, he can get extremely ferocious upon himself if he feels that he has to show his soul to someone, get a lease on him(all smile)

Lillie(laugh) : "Mist, I was thinking that your beau is a sort of a person that if he caught you cheating on him, rather than doing anything else would totally destroy himself to see if he had any problems himself to begin with (all smile)...really get a lease on him and get this idea of having to prove every step logically so that none can insinuate(all laugh) anything, get this out of his head"

Misty(laugh) : "yeah,but at present even i wouldn't be able to cause sweet sweet Brock hasn't even seen him yet(all brusts to laughter) and he has already declared his most intense longing for this beau(all brusts into laughter) of his,i'll be there with him when he thunder chairs Brock(all laugh) cause otherwise for a person like Brock if doesn't submit easily Ash will frequently appear anytime in his bedroom on Ganger(all brusts into laughter) and if we have our sweet sweet Viol Flower there(all brusts into laughter) by good luck,it'll go out of hand as his Ganger himself is in the eternal hall of fame when it comes to tickling around(all brusts into laughter)..but as i was saying what he did after his encounter with the Cerulian sludge that actually started his antics and trash talks...he said he later kinda had an intuition that it might've been about me,but again at first he just brushed it off but then soon it made one permanent impression upon him as he himself was going through all hells then that no sludges no matter

how f.. idiots they were would run after a man who not only could kill or snatch away all their pokemons literally but given his antics and popularity and mostly reach could even make their lives a permanent hell, why would they run after him as he never got remotely close to any woman except Misty and no herd of buffoons would chase after a man who was their girlfriends crush..so he soon realized it was about Misty indeed then also given the position of the sludges, and this name in itself itself just turned his head and forced him to tremendous hells as he remembered his Misty was so devoted to him despite all popularity and he'd brush everyone aside no matter what came to his ears about me even after we broke up..and this yesterday he elaborately explained is a swearing-in (all laugh) that he never thought a Gym Leader like me unless herself budged, no vultures could touch her no matter what they would've achieved from outside but her core would remain as pure as

ever...but then with his growing self realizations,these sludges did what they did,now he suddenly was all confused as of his Misty,what if he was wrong after all?what if she did out of desperation for himself did budge in the last days for someone and that's why broke up?..you know,he tortured me yesterday to get this fact clear that he wouldn't even look at any girl unless he had first broken up form his present girlfriend,when in a relationship,it just has to be honoured till break-up no matter how strainous it has become,only after the break up would he even look at any girl(tenderly cajoling her ring)...and so now, all those Vultures with there what ifs came around him and he was left totally bemused..but this really started his self mortification...he decided there was only one way to get rid of Misty completely and that is to find someone else as Misty might've done herself by now so that these sludges out of some irritation came to date him(all laugh)..then this made him most merciless

because now look at how he went about finding his girlfriend (laugh,all wonder)..he would never look at anyone in a way he would do to his Misty,he just won't do anything that he did with Misty but the exact opposite,and the only difference was that Misty came to him herself so to oppose that he had to go to girls and then scoff and swear his head off to them for no reason(laugh,Daisy&Lillie shakes their heads)...but obviously he couldn't as that is absurd like going upto a girl by telling her 'hellow!i'm Ash Ketchum,Pokemon Master' and as soon as she say "Hi!" he would(laugh) go like hugging them and saying "yeah stupid b..."(all brusts into laughter)..so it was a huge difficulty...so he decided to do his antics and fuel his playboy images and as soon as any girl was too interested about him,they were sent right into(all laugh uncontrollably).."

Lillie(laugh) : "the hell with his beloved Vultures"

Daisy(laugh) : "and their whole existence became

a living insinuation(all laugh) that they were stupid
b..."(all bursts into laughter)

Misty(laugh) : "exactly this,this is the exactly the
way he started with me yesterday,no matter what i
did he just kept throwing me away(laugh)..when i
swear at him,cried at him,got angry,was
depressed,about to have heart attack,wanted to
hug him, confessed that he indeed was my only
man ever, rejected him,wanted to be friends with
him only or tried to forget him,longed for him,got
myself killed to show i do want him and never
wanted anyone else,got emotional,tried to kiss his
head off(all laugh)

,even told him he was my soulmate anything i
could imagine that i did,and no matter what i did,it
became an insinuation(all laugh) that i had
someone else in my mind but out of infatuation
was trying to reconcile with him or i'll be better off
without him or i was an absolute coward that i
was budging too easily or all i wanted was to be f..
around or even(all laugh

) i was kind,generous,warm, anything you can imagine all was an insinuation,when he admitted i only could read his soul,only showing it means is that he'll instantly want to bed me(all laughs),i just couldn't show him at all that i was indeed his Misty,to him-i was not his Misty's replacement at all,no matter what,his Misty couldn't be replaced and he was brutally showing it to his Misty herself(all laugh)...and it was me who he ever have had any feelings for,and finally till he could show me that state where it'll be imbibed in me what real soulmate is,and even after that to prove words like chastity or ideas like bedding anyone meant absolutely nothing to him(all laugh)...really it wasn't till i was on his same level of nonchalancy with anything that can be expressed or imagined,i never became his Misty,his Misty was he himself so i had to realize that my Ash is also me myself.. only then the did the devil confess(all laugh)...and he intentionally preyed upon me yesterday

(all laugh) cause my name was Misty(all brusts into laughter) and he happened to know me well(all brusts into laughter)...so you can understand what would happen to anyone if he didn't know well at all(all laugh)..and to him now i realize knowing well was also defined by Misty(all laugh),that is till he knew everything about a girl for like 20 years(all brusts into laughter),he won't consider her well known at all(all laugh)...and that's why he decided,so when he saw that none were any match for even on the most basic s.. hurdle(all brusts into laughter),what to speak of it when he will tell them you're my soul only to insinuate(all laugh)that it simly meant he wanted to f.. around(all laugh) and whatnot..he would tear apart every faith you ever had on kindness,gallantry,everything would become so garbage that he would basically tell you either you're my girlmon(all brusts into laughter) or a stupid b..(all laugh)...and whatnot,finally if you passed all he'd start laughing at you that i'll f..

around anybody except you all the time how about that(all smile)...you had to show him that you've grasped the fact that you were he himself..and that's self realization so you can't show it to him at all(laugh)..only if you went there and still came back and fully comprehend his absolutely carefree innermost self which he wanted yourself to understand as you yourself (all laugh)...he later told me,all he ever read or knew on philosophical things like this he desperately read more to have a grasp on what they may mean(all laugh),then went on with whatever he realized coupled with his own in-born beliefs to mercilessly mortify himself so that his Misty would appear from himself only(all laughs)...after we finally patched up yesterday he said exactly this,'i'd sit in a corner and you'll go all about it,i'll totally kill myself off and you'll totally live all of it,but if you're indeed the one then as soon as i kill myself completely,you'll automatically appear exactly there(laugh,others smile and clap)...literally he had so much belief

that that's what soulmate would mean..."

Daisy(laugh) : "and he'll mercilessly describe this process again and again to you just like my sweet cunning man(all bursts into laughter)might still be self-learning(all again bursts into laughter). till he felt you can't insinuate anything else (all laugh) to him at all,he won't stop no matter what,Mist,you've caught the greatest legend (all bursts into laughter)!"

Lillie(laugh) : "that no goddamn vulturemade Cerulian pokedex(all laughs uncontrollably) can ever insinuate about(all bursts into laughter)"

Misty(laugh) : "and Dase,Lil,this basic name calling hurdle is so extremely devilish that it itself will totally destroy any girl(all laugh) and he recharged me up yesterday so many times by swearing-in encouragements (all laugh)..yeah(laugh),he'd call you a b.,you'll almost have a heart attack when he'll tell to to stand up unless you're a b..(all bursts into laughter)..and(laugh)..if you did manage to stand

up,he'd tell you that you stood up is the very proof that indeed you're a b...(all laughs uncontrollably) ...plus he engaged his pokemons to look after me and no wonder that's all because it was his Misty,in his depth of soul he was indeed desperately longing to get me back,anyone else would've been volunteered to thunder-chair on the very first point when they couldn't take it anymore(all laugh)along literally with their godforsaken pokebrats(all laughs uncontrollably),had they too misbehaved by trying to obey their master(all bursts into laughter), and especially so as the Master's very own mad tempered big brother(all laughs uncontrollably) was sternly told that he'd not see his sweet little bro(all uncontrollably laughs) ever again,sending him to his most sinister mood(all laughs) pikachuable(all uncontrollably laughs)...and you remember that girl Serena-(laugh)the Master doesn't make one scene till she doesn't get on the ship cause he doesn't want her to miss it and

there itself create a scene after being ceremoniously inducted into the hall of b..(all laughs uncontrollably)..then smiles to his other friends(all laugh) whose reactions he describes as 'the just crowned Kalos prince has just tasted and just smelt the just perfect Kalos stool'(all laughs uncontrollably)...then Ash said for the first time in his life he was in the wasroom for 40 minutes(all laugh) where he spat everywhere and puked his head off(all laugh) then come out and still never made any scene till it was his time to say goodbye,when in his language he sweetly smiled to his friends who thought "Kalos Prince has been princely spat upon"(all uncontrollably laughs) but then to their unimaginable disbelief (all laughs) the Prince sweetly (all laugh) tells them just that,that he has a girlfriend and he's going to tell her what just happened,if they can save Serena(all uncontrollably laughs) then sweetly greeted them goodbye(all laugh)...this was his exact view of anyone that ever tried to mingle with him too

personally or physically...and then even more brutally(laugh)..Ash described as he didn't react,Serena thought that the Kalos Prince is thinking that 'Ah!what a cough,what a spit'(all laughs uncontrollably)...so when he tried to phone her first,she doesn't pick up(all brusts into laughter)...only to make the Kalos Prince to follow his big bro meticulously(all brusts into laughter)...so he texts that he wants to declare his longing for his beau(all brusts into laughter)..and that he'll anyhow have to confess (all brusts into laughter) on e day...so finally,that girl then was phoned as soon as he got down and just as she was in cloud 9(laugh),picks up the phone(laugh),Ash sweetly says,'Serena it's Ash(all brusts into laughter)',as if to gauge if it was anyone else or not(all brusts into laughter)..and then you can imagine that girl's joy(all laugh),she just about stutters 'umm..'(laugh)..Ash goes, 'thanks for the urine'(all brusts into laughter)and then told exactly these things with the fact that as

he was her dream since age of 4, she must be an in-born b..(all laugh) meaning if there were previous lives this was what she was, by soul she was a b..(all laugh), and that meant she is solely why there's a word called b..(all laughs uncontrollably) and as if the girl could insinuate (all laughs uncontrollably) any return with the promise to be changed, enter Prince's beloved girlfriend-the soulmate theory (all laughs uncontrollably).. now he set his girlfriend upon on the sweet sweet girl (all laughs uncontrollably) to meticulously but mercilessly (all bursts into laughter) unvulgarize (all bursts into laughter) the fact, that she was the textbook eternal b..mate (all laughs uncontrollably) to anyone she'll ever meet across all lives, as now she has just been immortalized as a b..(all shake their heads and laughs), permanent existence across whole eternity (all laughs)... you can imagine what kind of insurmountable hell the poor girl was thrown in now that her soul itself has become a b..(all

laughs)...and this is exactly what the Master did,just literally killed her off without any chance of any resurrection...(all shakes their heads)...and that's only the beginning (laugh),just after cannonizing the poor girl(all laugh),his parents were informed in exactly this language->"i thank you wholeheartedly for allowing your daughter to travel with us throughout Kalos,your daughter has been very nice,a true s..,a great s.."(all laughs uncontrollably,shaking their heads)..yes exactly this which startled her parents to all hellfires they'd ever come across buying the Master the precious time (all laughs) to narate what she did and finally and most brutally telling them that a half grown s.. like that shouldn't be allowed to roam around the world before cutting off(all shake their heads and laugh)...this requires Professor Oak and his mom's personal intervention to give the poor girl and their family who were thrown into literal eternal hell to have any chance of resurrection which is scoffed off to hell again (all

laugh) in the presence of his own mom,when Ash says he's been cheated on his trust and humiliated in public by an eternal s..(all laugh),if they're telling him to reconcile,his only message is that for a playboy with his name and fame and reach and power to be concretely blamed upon would require an immediate biological proof(all shivers) which the subjects can analyze to get the meaning of(all shivers)...Dase,Lil,this is said in the presence of his own mom with utmost nonchalancy and you know he never saw his own father,no matter how great a man his father was,which he himself is very much aware of,you can understand what unimaginable level of self belief and dignity a man needs to do this...even pointing to his very own mom two things,that whatever she told him about his father he believes un absolutely and at the same time if it's not true,she,his own mom to him is exactly in that category for him...(all shivers)...and you know he says his mom is his soul...still at that moment for truth he was even

willing to judge that as well..."

Daisy(shakes her head) : "this is all too much...
truly a legend across all hellfires unimaginable"

Lillie(solemn) : "and you see Dase,this you no
matter what, can erase off from the Master's
memory or can make him budge cause he himself
says that he has felt this eternal hell himself as he
was cheated on his trust so much that he even
insinuated an eternal hellfire to a woman like Mrs
Ketchum,his own mom...and the world may
crucify him for this,he won't budge as his defence
is true to himself and for all to see no matter what
others interpret it as...he won't spare himself
before being honest to himself...and that too no
matter what hellfire he insinuated his mom,she
would know deep down she'd also know what an
unique gem she has unearthed (all smile)..long
live Ash Ketchum(all laugh feintly)"

Daisy(laugh shaking head) : "and this legendary
meance(all laugh) would've brutally fallen upon
the whole humanity with his now power and reach

and his 84 sinister soulmates(all laughs uncontrollably)including his lunatic big brother(all brusts into laughter) to induct(all laughs uncontrollably) the whole world population to the thunder-chair of swearing(all laughs)and if in the process their pokebrats(all laughs) tried to misbehave(all brusts into laughter),the chair would become literal for them as the sweet insane big bro(all laughs uncontrollably)was battle-starved to unpikachuable desperation (all laughs uncontrollably) for his next prey(all laugh)...unless all persons meticulously started out to find their respective soulmates,all the while logically showing every step(all brusts into laughter) as uninsinuable (all laughs uncontrollably) for sake of their own well being(all laughs uncontrollably) including their pokebrats (all brusts into laughter) by means of the legend's own self mortification(Misty brusts into laughter,Lillie laughs shakes her head) to prove that no,not even the greatest eternal vulture(all laugh) can

insinuate (all laugh)in any time across eternity,that the legend or his beloved followers (all laughs uncontrollably) wasn't honest with themselves(all laugh)..had it not been for his only sweet eternal weakness (all laugh,Misty blushes and laughs) to get depressed to such hell that even the legend had to budge finally(all laugh) giving the whole population a desperate relief (all laughs uncontrollably) to only focus on getting back his eternal Misty Flower(all laugh) from any unimaginable hell but through them all(all laughs uncontrollably) to the eternity where he roams around...Mist,you've become a legend too(all laughs)"

Lillie(laugh) : "and Mist,the legend has laughed and swore off you depression too(all laugh and clap)"

Misty(laughes) : "..and i got every bit of this legendary swearing in yesterday (all laughs uncontrollably) when i was his eternally beloved only flower(all laughs)..i can see what any

random sludge from the world population had to go through(all laughs uncontrollably)...long live the depression (all uncontrollably laughs)"

Lillie(laugh) : "i can now understand why this legendary brat(all brusts into laughter) can so nonchalantly insult absolutely anyone..."

Daisy(laugh) : "and Brock's then girlfriend faced the absolute full wrath of this uninsinuable legend(all laughs uncontrollably) who eloquently showed her(all laughs) Brock's anatomy(all laughs uncontrollably) on their 2nd date(all laughs uncontrollably) and instantly flew off to any hell unimaginable(all brusts into laughter)"

Lillie(laugh) : "and Brock realizing this anatomy totally got straightend finally but didn't realize that this was the exact upended form of the Master's anatomy of his eternally cherished Misty Flower(all brusts into laughter),and got so incensed that he volunteered to commit the biggest ever mistake in all eternity (all laugh)by encouraging sludges to float upon ground(all

laugh) and that too had to be the from the Cerulian drains(all brusts into laughter)"

Daisy(laughes) : "and if a moment of emotion can condemn you to eternal hell along with your whole family,May God Save Brock eternally(all laughs uncontrollably)"

Lillie(laugh) : "Mist,how did the girl and the family made a return?"

Misty(laugh) : "through all hells(all laughs uncontrollably)..when he went to Kalos they tried to meet him,but obviously the Master had realized that these godforsaken brats(all brusts into laughter) may pester him again here(all laugh)...so he resorted for the sake of his free roaming to Charizard of all(all brusts into laughter) along with his unshakable doctor of all kinds Bulbasaur(all laugh) and his sinister big bro(all laughs uncontrollably),and all while having the eternal fool around champion Ganger(all brusts into laughter),a demon straight from hell like Noivern(all laughs) and the 2 utmost eternal

brats like Feraligator(all laughs) and
Crawdaunt(all laughs uncontrollably)..for air,land
and water travel(all uncontrollably laughs)...if this
wasn't good enough(all laughs) when he was in
public glare as they might've tried to pull any
stunts on him(all laughs)he threatened the whole
Elite4 to empty the whole area wherever he
went(all laugh) or else he'll intentionally lose all
rounds and later accuse them of not providing the
right safety measurements(all laughs) and if
even this wasn't enough then there was none
other than our beloved Muk(all uncontrollably
laughs)of all pokebrats (all brusts into laughter),
hiding all the time in dark corners behind Ash(all
laughs),which he intentionally chose to be at(all
laughs uncontrollably),lurking for any female
brat(all laughs uncontrollably) to breach a 3 foot
specified circle (all laughs uncontrollably) to hug
upon her mercilessly(all brusts into laughter)...and
if even this wasn't enough the Master used his
ultimate weapon by stating that he is getting

married just after this championship finishes(all laugh) and thus wished if females behaved properly with him he would be happy (all laughs uncontrollably)...yes he said exactly this...as he has been humiliated in public before by many who hasn't been taught or was too ignorant in the class(all bursts into laughter) to differentiate between a brother and a beau (all laughs uncontrollably)..yes this he said and has shown me a copy of it cause he loved that antic so much which totally put anyone way off him(all laughs uncontrollably)...thus the poor family couldn't catch him(all laugh)...then ultimately he went to Orange, where his mind was a bit more disturbed as our sweet sweet gentleman(all laughs uncontrollably) had made life hell for him there all those years ago and as this legendary nemesis had the audacity to call him(all bursts into laughter)as Gary,who only was authorized to contact the master cause to him,Gary is the only person in the world who knew how to be most

professional and least personal (all laughs uncontrollably) perfectly that charmed the Master's mood most(all laughs uncontrollably),but as Brock to God would have it the day(all brusts into laughter) he reached the island where a godforsaken brat of a gym leader (all laughs uncontrollably) to his only blame caught too much attention of the Master's blossoming flower(all laughs)in her teenage dreams(all laughs uncontrollably) unfortunately for her not to realize that after all her antics for two years(all laughs) finally had inducted her to the central attention of the Great Master(all laughs uncontrollably) apart from his mad bro(all laughs uncontrollably)...for the first time in 2 years (all laughs uncontrollably) the Master suddenly felt a little tickle(all brusts into laughter) in his soul(all laughs) that his flower trying to flow (all laughs uncontrollably) to the wrong side(all brusts into laughter)...and if that memory at that time wasn't good enough this same full grown

brat(all brusts into laughter) Danny now was the one to harshly remind him of his flower(all laughs uncontrollably),whom he instantly realized to be indeed the Master's eternal beau(all laughs uncontrollably) and thus only wanted to ask the the Master if he has married her or someone else as the master had announced in Kalos(all brusts into laughter)...now as if all the names and memories wasn't enough suddenly comes marriage(all brusts into laughter) to make the Master surpass his big bro(all laughs uncontrollably) and just as the poor guy was about to be thunder-chaired,our sinister gentleman(all laughs uncontrollably) called him(all laughs uncontrollably) after many years as Gary wasn't there on an emergency and despite reminding the gentleman that the great master may call or have to be called and then just to tell him to wait and give it to the main staffs,with whom master consented to deal as they didn't pester him after his stern insinuation (all laughs)

via Professor Oak, this good gentleman (all laughs) suddenly remembering his long lost beau (all bursts into laughter) wickedly asks (all laughs uncontrollably) him to tell him the island's name (all bursts into laughter)... and that was it (all laughs uncontrollably)... the gentleman was told that the master was already dealing with many people who can't let go of certain personal issues only to remind him of it without realizing whether those were still fond to him or not (all laughs uncontrollably)... yes he said that to slaughter Danny completely... and now a man who suddenly breaches his agreement with his reservation Lab taking chances on his old contacts him, if these continue, he'll have to surrender all his pokemons and titles and badges and go back to being someone who hasn't heard the word Pokémon... this makes all parties to get absolutely slaughtered and startle Danny to all hells as to why this sweet sweet man, whom he couldn't forget in 14/15 years due to his utter clueless

personal life(laugh) turning into an absolute enigma once he had to battle where though then dormant yet an once ever flavour of unimaginable intuitive power shown through or his eternal flower(all laughs),who at that age just couldn't express properly what she was had inside for the master(laugh, others smile and pat Misty) thus resorting to various antics(all bursts into laughter),which all but the Master himself understood(all laughs uncontrollably),this sweet man was so gentle and behaved so warmly with him even after being reminded of that how famous a Gym Leader his flower had become(all laughs),which he then politely scoffed off as saying that yes,his flower was always excellent with water pokemons(all laughs) which though then didn't get Danny going then but he misunderstood the Master totally in this regard (all laugh),now as the Master slaughtered him and his gentleman(all laugh),he finally realized that the Greatest Master will become the Greatest Legend(all laugh) if the

name Misty Waterflower or her deeds was personally attached to him beyond friendship(all laughs)...so both Trace and Danny flew off to whichever hell they first saw(all bursts into laughter)...but during this all,to the greatest disdain to Master, suddenly these 'stools from Kalos'(all laughs) appeared as having the misfortune to be relatives to Danny(all bursts into laughter)...they appeared in front of the Master but thank God they and their pokebrats (all laugh) behaved as brother than beau(all bursts into laughter) and now the Master couldn't say anything to humiliate Danny,thus later agreed to meet them personally,given the condition of 3 foot circle(all bursts into laughter) and not trying to make themselves or their pokebrats the cherished food for his starving big bro(all laughs uncontrollably) and if this whole Elite4 feared infamous big bro wasn't enough(all laugh) as Ash knew that no matter what,he or his bro doesn't actually want to hurt anybody and that too to

people who weren't at all proficient beyond the very common level when it came to Pokemons or their handling and though Serena travelled with him and could become a trainer which she is now and in Unova, the whole Elite 4 combined was a child's play to the Master, so to his actual defense he used his most unholy aoulmate (all laugh), his now right hand tickle master (all laughs uncontrollably), invisibly present on the 2nd foot in front of him (all laughs uncontrollably), which simply means death from laughter (all laughs uncontrollably) to even Suicune (all laugh).. and Ash then sternly tells them before anything that no matter what emotion may do, she should've realized that he ever behaved to her as a big brother and to him she was a little sister and she broke his trust only to insult herself and her family, to which the girl fervently apologized which was scoffed off as you know (all laugh) insinuation to get close to him again (all laugh)... this turned her family on who were thrown into hellfire as they

accused of being egotistical b.. as that's exactly why they think he suits their daughter (laugh,all shakes their heads)...Dase,Lil,this is living hell if there's anything ever...which made all of them to totally break down...but this statement bought him(laugh,rest smile) the time to show his same insane level of generosity which is exactly why the girl and their family couldn't forget him or anyone else ever can no matter what he did to them if they've seen his heart...he basically babysit this girl into maturity and made other friends in Kalos to realize what life really is all about and taught the girl about pokemons,so now she finally realized what big brother she misunderstood as she'll never have one like him in all hells(Misty kisses her ring fondly,all smile)....(laugh,all wonder)..so now Ash finally showed them his true self telling the girl that she can keep im touch with Professor Oak,which all of her family was and just as she had started to do continue her journey through Kalos and learn about herself the most

which'll be enough to interpret the world including that of the Pokemons(all smile,Misty again kisses her ring) and telling the family this time the rout out of the eternal hell as well saying 'pardon is bestowed only by own soul,not by anyone or anything else'(all smile,Misty kisses her ring tenderly) and simply walked off but(laugh) not before the tickle master suddenly became visible just infront of the girl(all brusts into laughter) like so many times he did to scare her in Kalos(all lauhh), to ultimately showing the Master's true fool around nature and simultaneously telling everyone that this hell was only to get the girl straightened forever(all smiles,Misty kisses her ring tenderly) and how lucky they're to even have the sight of this once ever Legend(all smile,Misty adores her ring)...and then later as Ash finally decided to raid me(all laugh),he gave me all this information briefly in his note to me,which according to my sweet Viol flower couldn't ever be romantic(all brusts into laughter) and tell her to

phone me and Dase,Lil...the Master shows his Mastery again and what level of faith he had on himself and on his only weakness in this world(smile,all smile),that even after all that and 4 years of no contact and his history with Serena and Me and my depression and may be alleged after break-up affairs and all that,he tells the girl if she wants to meet a real Lady who could ever match her idea of Ash(all smile) in all quarters,she may call me after she gets to know from the Hall of Fame for Water Pokemon Gym Leaders who Misty Waterflower is and her contact s(all smile,all pats Misty) with the note that he even broke-up with me long before he stepped foot in Kalos and only recently had to meet her formally(laughes,all smile) due to his and her positions (all laugh,Misty shows her ring and giggles)...and knowing full well he was the centre of my full wrath then(shows her ring,all laughs) and this poor girl could be again resent hell(all laughs uncontrollably)...but such was his faith that his conscience was clear with

both me and what he did to all in Kalos that despite his playboy image which Serena was very familiar with as the press said and all he knew he truly is uninsinuable (all smile) no matter what happened and his faith even then on me that Misty may've found someone else but or even have cheated on me just before break-up but i've also seen her devotion to a no-one despite her fame and skills and indeed it might be mine and my image which i didn't clarify forced her into that and still then she atleast broke-up rather than showing me her new beau(all laughs)..and even further he had the unflinching faith that no matter what i'll still behave properly with her as he has seen and known how i never even was rude but only very firm with all those that pestered me..my Ash remembered me for all the right reasons only and always(kisses her ring,others smile and pats her)..."

Lillie(laugh) : "Mist,this legendary pest(all laugh) all along wanted you with unfathomable longing

and devotion yet won't ever ask for a date or tell his friends about it(all laugh)"

Daisy(laugh) : "as it'll be an insinuation(all brusts into laughter)that she is all about bedding to him(all brusts into laughter)..Mist,this eternal legend would've literally killed himself immediately yesterday had he not found his Misty in you(all brusts into laughter)..cause that would've been the last resort to see his real Misty...(all smile)..and exactly here the self-destructive Legend once more Masterfully shows what soulmate really is(all smile,Misty kisses her ring fondly and giggles)"

Misty(laugh) : "and then the girl probably had followed suit(all brusts into laughter) after knowing my details as when she called me,she was trying her hand at that(all brusts into laughter)...i told her why was she so upset,we've had absolutely no contact for 4 years now except a few days ago when he came here...(laugh)..and see how the Master played both me and Serena,if i

told her Ash is a cheat and he humiliated me,she would've believed in it and cut off from him,which saved him from her forever(all laugh) and at the same time throwing me to further hells as i knew he might've cheated on me but he still has shown me what this exact girl did to him and what she is doing now and this girl was with him after our break-up and was there when the press was going all about him..and also knowing that he humiliated me and broke into my room but that sinister note and all that and he did no physical harm to anyone or anything and even my Goldy of all insisted Pikachu can't do any harm to anyone ever(all smile)..my Gym Leader Dewgong told me they just didn't know what to do and nothing happened to them at all,my Gyarados of all told me she was only happy(all brusts into laughter)..and my Viol flower(all laughes) told me,this isn't a reconciliation note,he wants something else may be something is bugging his conscience(all smile)...and with all that i realized he infact in

public humiliation, humiliated my depression away(Misty kisses her ring fondly, others pat her and smile)...and even if he did cheat,he still shown me his heart by driving my mental demons away,so with all that no matter what i would be dishonest to myself if i berate him and even if the girl cut off,her life itself will teach her how true each of the Master's words were no matter how much her trust from everything broke,the Reality is reality and the Master again by self humiliation and mortification would at the end of her life show her that no he is uninsinuable (all smile) and also to me that whatever Ash Ketchum may have become,in my most desparate moment,he repayed me my faith and devotion to him while tearing himself apart from me by the veil of public humiliation,(tears,kisses her ring)as if your Ash is cruel to humiliate you in public but Misty,you'll see i've only helped you(tears,fondles her ring)..."

Daisy(smile) : "really Mist, Soulmate by all means.."

Lillie(smile) : "so true.."

Misty : "and this just for one moment of emotion,which i myself was so close to when i parted him first time(blush,all smile),which he himself later insinuated out of me(all laugh),and Serena has spoken with me, she's as sweet a girl as you could imagine..and this was her treatment all cause he alwasy showed her he was her big brother thought she finally realized,but when he was brutally proved wrong,he became the monster he showed me yesterday...and she called today morning as just after his Orange Elite4, Serena's dad and all personally came to patch up,for which first they were told they were only after him cause of his name and fame then finally they said no she really means it,she has changed and whatnot,then he finally said he had a girlfriend whom he had broken up but still wanted to patch up but wasn't sure,in the meantime this b.. did what she did..and all this was because Professor Oak personally was involved...so she got a chance with the fact

that if he ever got back to his girlfriend,she can do whatever she wished with her,that girl still didn't budge so when finally she could get to me,who was fed her name so that she got even more insulted,was crying like anything to me making me totally dumbfounded,and he told her that he decided to break up but still a b.. like her needed to apologize if she had any whatever left in her and whatnot...and she was like so sorry you can't imagine...just for one moment he mercilessly beats down a truely good person and family...you can understand what he became just before finally getting me"

Daisy(patting Misty) : "just too too fond of his Misty Flower(Misty blushes and hugs Daisy),too sweet.."

Lillie(smile) : "he can't live without you as much as you can't, Soulmate he truely showed"

...and he said that that he had me at his mercy,the head-turning Cerulian water queen who was

cherished by all Vultures of all breeds(tears) at his mere mercy even when he was a no one and you know people started to pester me as soon as i learned to use Gyarados,for which the Master always has praised me to all heavens and even to his own mom once more today(kisses her ring again gently,all smile patting Misty,tears)...so Ash just mercilessly tore apart my body while doing the same to himself by saying he was a unique man even then that such a girl was devoted only to him and as soon as the sludges insinuated (smile) that,i rememberd then as Ash again scoffed at me,that a then no-one like him needed only a nod or smile to get the Water Queen all over him(kisses her ring again,others pat Misty)..and you know how true it was when he returned from Battle Frontier itself,and compared my Ash,the one and only man with whom i'd ever even imagine in my wildest dreams to be physical but also with whom i'd lose every bit of purity i can ever imagine if he so wished(all tears,Misty kisses

her ring with fondness)...where my man stood with his behaviour fully knowing who his girlfriend was and what she wanted,that Ash with what these sludges were saying(tears,kissing her ring again very fondly)...and then the sludges got what they long deserved and i realized that it won't be so easy to erase Ash off so easily and i went into the death fight with myself,which eventually only my Ash realized with along with his own realizations and look,half a day and i like have been his wife forever(all tears,Misty fondly kisses her ring again)

just as he told him..and then told went in saying get a hold on his nerves and don't get involved with unnecessary skirmishes and your girlfriend is very lucky to have you(all tears)..yeah(tears)..he said that as you know i too came to infer..(all tears)...and the sludge just got so dumbfounded that Brock was scoffed to hell...and Lil,even after giving me the ring he still told me,even after all

that,that i would've been in safe hands(bursts into tears)...

he's from Kanto,that name

Lillie(smile) : "and Brock too i guess is his pet now?"

Daisy(laugh) : "and Viol..(all laugh loudly)

Daisy(laugh) : "the way he told Viol to also keep her pokemons fresh look after her family and all that so amusingly as if our own elder brother was saying but the language was so funny that you just laughed yet firmly got his message,Viol probably is his biggest fan now(all laugh)"

Lillie(smile) : "Mist,you were talking about chastity,Gary last night told me Ash ,once when 11 scoffed at some guy who was 16 or so on a party or kinds thing when he was insinuating Ash(all laugh) that he should talk with girls and so on,that 11 year old brat suddenly scoffed "what's the point if the difference persists?" flustering all,which

finally he showed all of us what he meant that day, Gary even said that was the real Ash.. Gary said Ash was the most ordinary guy, and you'd know Misty (all smile), and Gary even says this Pokemon Master as well isn't a big thing etc.. I only just about realized what Gary can't say in words, the Master Brat (all laugh) insinuated (all laugh) the soulmate thing extremely well at 11.. but then it was just 1 year (Misty blushes, all smile)"

Misty (laugh) : "I can tell you now just due to Ash, when I said yesterday you're a cheat, he went on with that chastity thing mercilessly showing me that it means nothing to him and at the same time showing he didn't cheat on me till our break up.. I was so stuttered then he said why would you budge even if your body was paralyzed, won't the mind work, totally laughing off this most private matter of women just as if it was absolutely nothing to him.. (laugh) then he showed dying in battlefield and giving a friend a glass of water which he can't reach due to his sitting position in

the table was exactly same as they were
luck,which again a word that his Vultures love(all
laugh)..he says the joy of pokemon was all he
knew and did that's it.... totally driven by
intuition...Ash Ketchum really needs me to survive
here(all smile)"

.....

[Gary enters 10 minutes later,and meets Lillie,Lillie
hugs him suddenly]

Gary(bit surprized hugs Lillie) : "um..Lil.. what's
up?"

Lillie(laughing) : "Ketchum has caught me as well"
(all three sisters brusts into laughter)

Gary(bit puzzled) : "um..i see,hey all..happy to see
you..hey Misty..what was it.."

Lillie(laughing) : "he has insinuated about our
private life to everyone(all sisters again brusts into
laughter)"

Gary(flustered,smile) : "um..what's he.."

Misty(giggling) : "Lil can i be him?"

Lillie(laughes) : "be my guest,Dase start

insinuating(all three again bursts out into laughter)"

Gary(nervously, confused) : "what are you.."

Daisy(laughing) : "so Lil and Gary turned out to be the best fit for each other after all,ain't it Mist?"

Misty(laughing) : "sweet,sweet Dase(all sisters bursts into laughter).."

Gary(flustered) : "what are you three upto?..come on Lil,i have to.."

Lillie(forces Gary to sit down,sitting with him as well) : "just watch it and laugh yesterday out(all sisters laugh)"

Gary(bit shocked) : "um..that.."

Daisy(laughing) : "um..but really don't you think that their recent tension was just due to a confusion among.."

Misty(laughing, immitating Ash) : "sweet sweet Dase(all 3 again laugh),why is it that i smell a few vultures cycling above us(all three again laughs,Gary smiles as well)?

Daisy(laugh,mocking confused state) : "um..fine

they were perfect for each.."

Misty(immitating Ash's frown,all laugh) : "what was that Dase?do you imply that it's as if they Became perfect,became right,became together,became..(all laugh)"

Daisy(laugh) : "um..but when they first met.."

Misty(laughing,closed eyes, immitating Ash) :
"Dase stop just there,i know what you're thinking Dase i know it,i can feel the vultures,Dase, they're trying,trying so hard to land on a spot(all laugh),they are so ecstatic about there success..Dase..i can feel their joy..i..i can see their eyes,Dase,Dase(all laugh)they are already feeling their impending success,Dase,look how they are caressing the Champaigns..(all three brusts into laughter)"

Gary(laugh) : "what's Ash been upto off late now?"

Daisy(laughing,mocking a sigh) : "fine,they were always to become close.."

Misty(laughes, Mocking Ash's smile) : "so they were to ALWAYS to BECOME close?..Dase

this..just this(all laugh)..this is it..(Mocking Ash's frown and language) " the vultures have reached their spot..(Mocking smile)Dase,look at the celebrations..Dase..(all laughs again).."

Gary(laugh) : "come on you, I don't.."

Lillie(smile and stops Gary) : "just enjoy it,let the vultures do your work"(all 3 laughs)

Misty(laugh,mocks Ash's stern look) : "the vultures would insinuate that if they waited a bit more,a bit longer,a bit patiently,a bit meticulously..(all laugh again)..then it Could've been someone else,Could've been someone better, Could've been someone sweeter..(again all laugh)"

Gary(laugh) : "i get it.. Ash changed from trash to sweet.."(all three sisters laugh uncontrollably)

Daisy(laugh, immitating sigh) : "alright,fine,they were always destined to each other.."

Misty(laugh, immitating Ash's scowl and irritation and anger) : "Destined?Destined?Destined?

Destined?(all laugh)..as if it they never knew,never saw,never felt,never understood,never..(all laugh

again)"

Daisy(laugh,again Mocking sigh) : "ok,ok..they were forever like like this like soulmates,no matter what they'll always come together"

Misty(mocking Ash's closed eyes and smile,laugh) : "Precision, Precision"(all laugh)

Daisy(mock dissapointment,laugh) : "Please let me go..they were like this forever..."

Misty(mocking Ash's anger) : "what did you say? forever?forever?forever only having the trouble to come to each other whereas that itself is no good as the Gym is forever packed during shows(all brusts into laughter)..no don't try to leave,Dase,else Ganger will tickle you to death..(all brusts into laughter)..(again mocking Ash's anger) all those damn brats that ever had the audacity to challenge Gary's little sweet cherished flower to a gym battle at 4:17 in the morning with an Onix(all brusts into laughter)..must very well know it, understand it,digest it,swallow it, assimilate it(all again brusts into laughter)..that it's not then, it's

not now,its not will be, it's not has been,had
been,will be,not was,not is..(all again laughs)..but
IT IS(all brusts into laughter)..it IS a fact that Gary
and Lillie are the same thing appearing to each
other as a bit different,bit distant,bit amusing,bit
charming..(all again laugh)..but they are always
EVER the same reality only appearing as different
here thus they are in essence ever the same
constant ONE(all smile)and no forsaken Vulture or
damn Cerulian Mob..(all brusts into laughter).. can
EVER do anything about it(all laugh)..."

Gary(laugh) : "that's how the night passed then...
(all brusts into laughter).."

Misty(smile,blush) : "um..well at this rate i could
even tell the..um.."

Daisy(smirk) : "proposal"(Misty blushs,hugs Daisy)

Lillie(hugging Gary) : "go on, it's never been any
better"

Gary(laugh,hugging Lillie) : "man..really

Misty,you've bitten him long enough"(all brusts
into laughter,Misty blushes)

Lillie(smile) : "anyhow Mist,go on with the proposal line.."

All in unison : "yeah go on"

Misty(smile) : "alright,here,so,that one reality that in due to this mind and body seeming just like a mirage as Gary and Lillie to themselves as appearing in this world and though they realize that actually Gary is also Lillie and Lillie is also Gary yet as they have this difference appearing before themselves through this world their relationship is thus best interpreted in a way which is that,that which here is appearing as Gary and that which here is appearing as Lillie may please answer the question whether they do want to be (smile) Married.."

Gary&Lillie(hugging each other and holding hands,Unison) : "WE DO"

(Misty and Daisy claps and then all smiles and laughs)

Gary(laugh) : "and Tracy's having his proposal rehearsed now..(all again brusts into laughter).."

meticulously (all again laughs out loud)"

(just then Ash and Tracy enters,all brusts into even more laughter)

Daisy(laughing) : "three cheers for Ash Ketchum,Coupling Master"(all brusts into laughter and cheers)

Ash(smile) : "um..thanks..that's funny..hey Gary,hey all..um.. sorry about last.."

Tracy(laugh) : "sweet sweet Ashy-boy..(all laughs even more)"

Ash(laugh) : "um..well universal sweetboy to friendboy to playboy to villianboy to masterboy to demonboy to philosophyboy to finally comedyboy now...(all laughs uncontrollably)..Gary,who's that Pokemon?"(all brusts into laughter)

Lillie(hugging Gary) : "Ash,you've just given us that spark back again"

Ash(smile) : "um..thanks Lillie.."

Daisy(mocking Ash's anger) : "what did you say Lil?again?again?.."(all brusts into laughter)

Ash(blush) : "um..well it's a good thing that.."

Tracy(laughing) : "Vultures aren't insinuating anything.."(all laugh uncontrollably)

Ash(smile) : "well vultures did insinuate this one out(all laughs)"

Daisy : "surely Ash,i was never more angrier on anyone more when we first called in the night and never happier about the same person in a matter of minutes(all smile).i still can't imagine how someone insults just about anyone to death and torments his beloved girlfriend to hell only to vividly direct her to jubilantly accept his proposal and then goes to fetch the ring overnight in a city in which he's the most cherished villian and gets mobbed while somehow managing to get the ring by forcing the mob down to utter confusion and on the way back to his fiancée rather takes a detour to nonchalantly come back to patch up with those whom he insulted to the absolute extreme just hours ago during their bedtime with such ultimate faith that nothing ever happened that he pulls a nasty prank on them in the end and

then jovially goes back to make his proposal official, which takes place moments before in the deep night under the glare of the most incensed people that are his family or like family who wants to crush him into pieces out of resentment over his prolonged cruelty and rudeness, pulls off a lecture with the words giving a completely different impression to what he's trying to say, which is actually the most personal matter of his relationship with his fiancée, all this taking place via a conference call where his fiancée is present with him as well, calms his beraters down to such a degree that they can't help but to become most warm, frank and beloved to him as they'll remember the night forever as every time it'll give them an ultimate strength and joy- Ketchum, this alone should get you to the very top of Hall of Fame"

(all smile)

Ash(blush) : "um..thanks Daisy..it was..um.."

Tracy(laughing) : "but hours later by this very

same man who laughed his whole night off, i had the fortune to be graced with the most intricate epilogue(all laugh)so that no sinister words like BEST,PERFECT,FOREVER OR DESTINY(all bursts into laughter) can ever get their dirty hands to his perfectly attuned logic on how to differentiate a compliment from an insinuation (all laughs loudly) as he scared me to death by triggering a false alarm among his pokemons that forced Mrs Ketchum and Mime out of the kitchen(all laugh)so that all could come here today for lunch(all bursts into laughter) as he precisely inferred that his mom hadn't started preparing the lunch yet(all bursts into laughter) all the while his fiancée played along exquisitely well directed only through a momentary eye contact(all laugh,Misty blushes) and threatened to kill me by her Golduck(all laugh) that she was taking away from me(all bursts into laughter).Then this man beautifully proceeded along with our business(all laugh) all the while threatening me with his Gerninja all the time as he

proudly roasted all unimaginable breed of different types of specieses of various Vultures (all brusts into laughter)

only to insinuate (all laugh) that he and all three of us the other guys should hold a ceremony right in the middle of the pool that's called the damn central battlefield (all laugh) in the gym,which never served his favourite dish for the guests(all laughs) and pick up our respective flowers(all laugh) right in front of all those Vultures (all laugh) and their Lackey the eternal Cerulian pests(all brusts into laughter) that ever thought what they're seeing is an illusion(all brusts into laughter)and then he concluded with the fact that if he's made the manager there,any dumbnut having the utter buffooness(all brusts into laughter) to come as a challenger anytime except 11-11:15 (all brusts into laughter) in the morning without 7 league titles and 31 Kanto badges(all laughs more) will be given a most precisely prepared eloquent class on rigourous vultureology

of insinuation"(all brusts into laughter and laughs for a long time)

Gary(laugh) : "Ash you've truely become a Master of illogical non-implications(all laugh)which isn't imperfectly uninsinuable"(all brusts into laughter)

Lillie(tears after laughing) : "no Ash,i've hardly ever cried like i did yesterday and i've hardly ever cried like now i'm(all laugh)...and the way to say extremely personal things in this manner so that any unimaginaire hellfire(all brusts into laughter) melts away in unimaginaire fun and joy in no time...really Mist,keep biting him all the time" (all brusts into laughter)

.....

.....

(Night,Viridian Lake,After Brock Leaves)

Misty(looking at Ash,hugging Ash) : "Ash,today was even better than yesterday,how long have we been married?"

Ash(looking at Misty,hugging Misty,Smile) :
"Always"

(both keep hugging each other beside the lake,same spot where Misty and Ash met for the very first time)

Misty(lying down,head on Ash's Lap,looking at Ash,Smile) : "more than 17 years..this spot, finally here again today..and only last 30/31 itself was the testament as well as nutshell of our bond for the last 17 years..in this form,in this life as Misty and Ash..now wife and husband.. isn't it the longing for this moment itself justify our separation and heart wrenching feeling for each other?

Ash(looking at Misty,cajoling Misty's head and cheeks and fondles her hairs) : "absolutely Mist,absolutely..but you know there's a possibility that your soulmate isn't born with you if one believes in multiple lives...and it gets even more difficult if you have only one life and even more difficult if there are many soulmates in human form...so at the end it really doesn't matter..."

Misty(smile) : "yup!if you have a soul that's your

mate in itself.."

Ash(smile) : "absolutely...but if you have one,you'll anyhow find out...so basically all you can do is to be brutally honest with yourself and just wait-it-out in fun"

Misty(smile) : "and you really have put the smiles back to others increasing it by manifolds"

Ash(smile) : "well,i'm ever happy to come into any benevolent service,i only wish Violet could be here today"

Misty(laugh) : "Lil said she would've ate you up(both laughs),she would've already eaten Brock up as well"

Ash(laugh) : "yeah,we're going tomorrow,when is she returning?"

Misty(smile) : "day after,(laugh)she'll be all over you with arts and Mantyke(both bursts into laughter)"

Ash(laugh) : "what was her interpretation of my sinister note to you?"

Misty(laugh) : "she thought it couldn't be a

romantic one(both bursts into laughter)"

Ash(laugh) : "and she was all the time in the room beside your room when i was giving you the oath to hell(both laugh),so i must be straight out of hell as well(both laugh)"

Misty(smile) : "Ash,just a thing, with all that you did,(laugh) why didn't you ever think that we could just fix things in a series of dates?"

Ash(smile) : "and be tormented even more when i can't adore my soulmate despite having her all the time?(both smile)...Mist,i can't quite be sane without you(smile,Misty giggles)"

Misty(smile) : "Ash,i guess we'll have to stay separated sometimes now that you're getting back to hall of fame,so much they'll force you to."

Ash(laugh) : "i'll mouth anything off to hell if i don't like it(both laugh),i'm not leaving Cerulian for a day..no Mist, that's my ultimate decision as long as you don't come with me(both smile)...you know i can't battle anymore unless my absolute ultimatum is pushed,i can babysit misbehaving

brats(Misty laughs),but not battle...so i wont be undercover in any Team Rocket(Misty laughs),which means i don't have to do anything at all,i'll just want to fool around with my bunch and fondle my flower(Misty giggles)all i want(beam,Misty beams as well)..and they'll have to live with it if they think they can put a collar on my neck so will I(looking at Misty,smile)Mist,I told you this whole world of Pokemon and whoever is in it professionally or casually,is simply afraid and confused about my abilities,personality,history and activities-Ash Ketchum has become something which they just can't fathom at all and there's no record of it in quite a long history and even if there's one,they aren't Ash Ketchum,so they'll still be right at the bay(smile,Misty laughs).Thus the Elite4 thinks i might go a step beyond to get the legendaries and become an undisputed king who can do whatever he wants as long as may be the whole world is concerned,i'm infact a threat to whole humanity (both

laughs),they have to lease me first so that in unison they can tame me legally...the Whole Elite4 and the Whole Masters' Hall of Fame isn't good enough,they'll need to unify the whole Hall of Fame and Distinguished Gym Leaders as well,and also all league champions which is as hard as you can guess(both laughs), to tame me,thus this en
