

Misty : "then as i was about to ride my in-you-words "godforsaken" bike,i just turned around to have a last look at you.."

Ash(hugging Misty) : "just for clarification,Mist,that song you were humming that day from Kelly Trooper's Rockmore Woods-"Cutain Call"-that um..if i weren't an utter buffoon then,i would've instantly atleast have a private talk with you or well..um..i've never thought itself but why I didn't go to Cerulian myself that day?i barely knew there was something called Hoenn in this world.."

Misty(smirk) : "parting with each other actually broadened both our gazes, don't you think?"

Ash(irritated) : "whatever!i just want to fondle my flower all the time(smile,Misty giggles)..but the next one year if any vulture and especially the Cerulian breed tries to insinuate that i must stay away My wife for a full 12 hours due to some godforsaken work,then i'll.."

Misty(brust into laughter) : "Ash,i would've been in a big trouble had you infact tried to come with me that day cause we were 17 and that though was a Gym still my home also..plas(giggle)..that bike ONLY had ONE seat(laughing),else it would've been another night outside and um..you know you might've been.."

Ash(giggle) : "endangered?"

Misty(laugh) : "exactly"

Ash : "i've always wondered to which Cerulian bonehead did this idea occur to not give an extra seat in the bike so that people may carry others yet gave a god damn basket in front which was oversized and made the control almost impossible that too in a godforbidden forest like Viridian,which i guess i still may get lost in(laugh)"

Misty(laugh) : "Master in Cerulian Hating should be your title you know"

Ash(scowl) : "i never found anything good there EXCEPT my most cherished flower(hugging Misty,Misty giggles),and my badge too was due to her"

Misty(smile) : "well,atleast we battled,Dase really made a mess out of the situation"

Ash(laugh) : "never saw anything like before or after..

Sensational Trio in all aspects,no they have no match,still"

Misty(smile) : "Voil would be in Cerulian the very next day i never knew"

Ash (laugh) : "all she did was to panick all over the place long enough to force the police to start interrogating till Lance forbade them.have you called Violet?"

Misty(smile) : "yes,she was the first one to see the judgement day death note you rather shoved through my" ears

Ash(grim) : "um..was i too..um..loud?"

Misty(laugh) : "Ash,your another gem like my sisters,that day's theatrics as i later heard were brilliant,if you were in our show at your present form,we would have had to turn the building into showhouse only cause even 4 of us wouldn't have had any time to manage the pokmeons let alone the Gym Battles but as soon as you would've realized that your Cerulian-Vultures were going to your Insinuate something,we would've been driven out of the city itself"

Ash(laugh) : "i guess"

Misty : "i turned back and saw Brock returning and you had your head down murmuring something..

Ash : "um..i was going to part with you three after 5 years,well Brock left,Tracy left but that day you..you never went away from me even for a moment Mist in all those 5 years,you didn't even go home,rather staying with me only with phone contact i remembered that Daisy and all weren't then exactly showing there care to you so you were rather happy with me and when i returned home after 3 years,you stayed in my home infact for all those 3 days(laugh) that was too much for my break.."

Misty(laugh) : "sure,how many days did you halt afterwards?"

Ash(smile) : "you and Brock- your memory was troubling me after Jhoto and as soon as i went home,next day heard Hoenn,next day out,2 nights,Hoenn to Battle Frontier,6 nights and you were there,May was beaking my head whole day since she saw me alone with you in the balcony..and um..you then had already reached a pretty high level for a 19 year old,and i saw you suddenly just after getting inside home and was then an utter jerk to say in reply to you ever sweet greeting "hi Ash!" I said rather in a flustered state "yeah! Hi! what are you doing you?" and you came to congratulate me on my Hoenn victory"

Misty(laugh) : "you were so childish even at 19,but i just cherished that sweetness of yours ever so much"

Ash : "yeah as i said that,you just smirked rather as you expected something like that by then and congratulated me..but,you'll forever be a miracle monger to me sisnce that day our reunion in Hoenn,i saw Gyarados and then the flamethrower,i was rather so jealous of you as i thought i want Gyarados and also more so cause i had very few pokemon as i was new to hoenn,but then.. (blush)..um..i turned back at you and you were smirking at me saying that it was rather very impressive than only impressive with a rather proud face then i went into

flashback and recalled,and i'm naratting this to you now cause i was too flustered before to do so but you looked nice that day,i already felt a strange feeling that since very last days of Jhoto was being more apparent to me but i never quite bothered.."

Misty(smile) : "you were thinking a too much about me and gazing at me a bit too much and a bit longer and a bit more intently by the end of Jhoto,i was in cloud 9 and Brock also told me but you know what he was then to just as usual jump into the sea(laugh).."

Ash(smile) : "yeah i guess i never before that considered you as a great playmate,but as i said,as you were looking at Gyarados i looked at you constantly and intently a bit and then followed you after that closely,how you took the pokeball,kissed it as if you knew you would win,which i never till then myself could do so confidently,and released Gyarados of all pokemons..i really was amused,just how self confident you were,and Mist,it was the i realized jealousy but as later i returned from flashback i thought may be i could beat Gyarados too but your disposition did entice me..when in Hoenn during the reunion i was just overjoyed to be able to see you and so did you.."

Misty(smile) : "yeah,during my 5 years i was all about following you,fighting you and longing for you,the Gym

suddenly such a huge responsibility and your memories just made had in those mere 9/10 months turned me into a grown up lady"

Ash(smile) : "exactly, that's what i did saw,i saw the Cerulian City Gym Leader Misty Waterflower not my playmate Mist anymore..um,can i bash Cerulian again?"

Misty(laugh) : "Ash,give it a break, continue"

Ash(smile) : "right no Cerulian bonehead could disturb me when i was looking at you,the Gym Leader,then i saw you had become so established in yourself and my first jealousy turned into the respect for that i had for a Gym Leader..till i started trash talking them last year..haha.."

Misty(smile) : "but you still have.."

Ash(smile) : "precisely.then i had that respect for you,then i was rather ashtonished by you and kept a bit more regular contact because may be um.."

Misty(smile) : "felt insecured with yousrself?"

Ash(smile,hugging Misty) : "i always am unless you're right here"

Misty(smile, hugging Ash) : "right!you know for all my infatuation with you Ash,that reunion i saw you,you also had grown up but were in same sweet oblivion that i rather felt a big sister affection for you rather than an attraction,but i always had my feeling inside me and your

thoughts,it really was a great reunion,but by then affection had taken over attraction whenever i thought of you,and um..Ash,a few times then i've had my doubts whether mine was also a mistake i mean whether it was true feeling or only infatuation for you.."

Ash(smile) : "Mist, it's just the process till the final union that we've had"

Misty(broad smile,hugging Ash) : "exactly".

Ash : "then i kept up contacts with you and all that and always were fun but rather grave and serious discussion,but then you should tell me about the handkerchief"

Misty(smile) : "still has it?"

Ash(dissapointed) : "no,torn it up myself..um.."

Misty(smile) : "didn't spare a single one did you?"

Ash(dissapointed) : "all went the first night itself"

Misty(smile) : "you've always been like this haven't you"

Ash(solemn) : "i guess, don't like to keep junk rather everything in memory"

Misty(smile,hugging Ash) : "just store this one specially."

Ash(smile,hugging Misty) : "done."

Misty(smile) : "right,then as you were murmuring and Brock was approaching you,i finally tried to atleast give you an ultimate point,then gave you my handkerchief and

later sent you the lure.."

Ash(laugh) : "well the handkerchief helped the very next day as those 3 buffoons jumped on me.."

Misty(smile) : "thank God they did,else you wouldn't ever had thought about Keeping it"

Ash(smile) : "might be,but anyway then i kept that with me.then it just went on,would have a look at it and all..i didn't miss you i've never missed anyone nor i will but i guess it was just my longing for you that's all.."

Misty(smile) : "yeah,and the other breaks?"

Ash(smile) : "Sinnoh 1 night(laugh) after i returned from Cerulian,Unova was 3 nights,then I was in a totally different domain,break-up,went undercover,came back again Kalos..Kalos has been my best journey personally but just that last moment has made it sour..i had enormous privacy and i was somewhere else really in Kalos..won all the Badges..know the whole region so well..and then Elite4..um,it was the point i just wasn't really sane after that farewell incident in Kalos,then i planned,August,October,December,January,March,April,June that was my plan

Unova,Sinnoh,Hoenn,Kalos,Jhoto,Orange,Kanto...well i hated to go back to Orange cause you were 14-15 then,with all your blossoming jubilance(Misty laughs) and

Trace with his antics..13/14 years,and I just didn't want to mingle much..but you know i just knew who i was then..it just felt like i could turn the whole world over just for fun..but i really didn't have any objectives..just thought buy a library in Kalos and spend the rest of my library or go to Sinnoh and Professor Kukui..and all,then finally went into Kanto..Lance said what he said..still I went back to Kalos to have a study further..then once i finished things actually pained me so much,each time i parted from you came back and i just became a devil..i realized my Mistake..and had a feeling that you weren't married or like that,but if you really were..i'm sorry Mist,but i just might've destroyed the whole Cerulian city and abducted you or something..i just didn't know what i was doing and with my level it was hard..Pikachu realized this and he became very agitated all the time..but as luck may have it..you were in that condition..and i just jumped upon you that's all..there was no power that day Mist, Could've taken you away from me..i'm so sorry i pained you for 12 years being an idiot..i just can't be whole without my Mist.."

Misty(smile) : "forgetting whom your naratting the story to,dear?"

Ash(smile,hugging Misty) : "all of memories are so

precious to me now only because i'm naratting them to you!"

Misty(smile) : "ok,lets continue!"

Ash : "yeah,then that Jhoto separation..i was going a bit poetic about Brock but could only say thank you Misty to myself as your thoughts were choking me and the more it went the more i realized what you meant when you said "would i ever see you" and that song,i just brushed you aside being childish as it takes if i sat on Charizard 20 minutes to reach Cerulian,but as soon as you were gone i just couldn't come into terms..then team rocket came then i realized your words and kept that handkerchief went to phone you from the Lab..on the road i once or twice said "hey Misty,come look its this or that pokemon" (Misty smiles) only for Pikachu to remind me that you weren't there anymore,which after 5 years of constant company was just too much to take(tears).."

Misty(smile, hugging Ash) : "sweety,I'm here always"

Ash(clears off tears,smile) : "we grew up with each other didn't we Mist?"

Misty(smile) : "surely Ash,i myself can't believe it either that for 5 years not even a day was spent without you"

Ash(smile) : "that got you through in your initial days in that go..nah just not in a mood.."

Misty(laugh) : "finally the poor Cerulian brats can sleep well(Ash laughs)(smile) yeah,and you've influenced my style as well the most though later i found mine"

Ash(smile) : "you and Gyarados influenced me beyond measures"

Misty(laugh) : "till that day.."

Ash(smile) : "no,still..well,um.."

Misty(laughing) : "you don't need anything anymore"

Ash(smile) : "except you"

Misty(smile) : "right"

Ash : "yeah,then obviously i won Hoenn and kept contact but as i was saying you said congratulations and i looked at you and i just knew you were so much more powerful than what you showed and i really became a fan and was kinda.."

Misty(laugh) : "following me around your own home"

Ash : yeah,and that little brat picked it it up as i probably that day had lut my arms around you shoulder or something while star gazing and that was 2 days before we departed"

Misty : "i was just loving it,i told you i had a strange big sister affection for you then,but actually it was longing and i just wanted you to try to fly around me just as i did for all those years..(giggle) "

Ash(smile) : "and i happily obliged,anyhow May was so ecstatic and saying propose,propose,propose(Misty laughs) the whole day next day to which i scoffed her that she was a mere kid then,to which she scowled and said she'll keep an watch on me,to which i said till Drew comes around,at which she just frowned and left telling me if i don't propose i'll be in deep waters(laugh)"

Misty : "Ash,May is the best friend,your true little sister you've ever had,why cut her off?"

Ash(solemn) : "Mist,i just sweared her left and right thats all,she said-well it was her 1st anniversary with Drew,actually in phone..um..i regret that really but i that was the very next day Serena did what she did and i already had turned Max off so,um..as soon as her thoughts appeared and i realized i had always taken Serena as that as well though more desparate,i just couldn't contain myself..and she was the only person that i never spoken harshly,she was exactly my little sis and among all if later I trusted someone it was her,became very vey matures after her Jhoto league and all of you know her and Drew..utterly sweet..i did use harsh words,which i did to all else including you many times but not May and Max,well Max was so little then but May,you just can't be harsh on her,Max I showed my disinterest

and he himself took the clue and was off without telling May at all, just like Iris, Clemont and Dawn, Cilan was well he was professional with me thoroughly...well May on her anniversary said like i couldn't have imagined a better day and you know better day and i was there, she since she partes always called me bro or something..and all that i just lost it..I said get off you being with him and breaking up makes no sense to me or you, you say its better day as if it was a big deal and you wouldn't have someone other than Drew and viseversa..that eas a real crime from me..and she just realized i wasn't on level head cause of all my thinga and all that then..but May was the only one who sympathized with me after our break-up..Drew was kinda not sure..but May surely..Cilan chided me straight but said i won't bother about your personal life as he saw my full change and you and me from so sweet to so sour, and he is your huge fan..i perfected cooking and all from him as Brock left..so he has been Professional and never contacted you i guess since once just after break up?

Misty : "No he didn't.. just the day after you told him, was very brief just wished me luck and just how happy he was to personally know me and all that was it..May kept contact, Max was always my huge pet(Ash laughs)..he

kept contact,Dawn very rare..later didn't at all but surprisingly was in Cerulian the day after your antics(Ash laughs),I threw the party,she was there the next day,told me heard about it from Pokémon centre and all..was nice and then you know said i will contact you cause I can't keep my emotions checked when its about you and all that(both laugh)..Iris never did contact me afterwards and Max recently turned off the last 10 months or so,realized my moods and that was it.."

Ash(bit concerned) : "Mist,just a thing,those stuffs..why suddenly.."

Misty(sigh) : "just an addiction you know..you were haunting me and even in the very last days i didn't want to battle and all..you really saved me Ash..no you said that day you know you're an insane and all sucked up nothing..i would've become exactly that cause..i just didn't know and every night that picture i thought i'll tear apart but just couldn't..i told you just an overdose and i'll call all to jump..5/6 months i would've done that,i would've become completely lunatic..but(beam),then my only sweetie came and just..(hugging Ash firmly)..I cherish you so much Ash..so much.."

Ash(hugging Misty firmly,smile) : "yeah,and i knew you'll get so much better overnight once you were with me

again all the time.."

Misty(smile) : "You broke in and all,and i had a mixed feeling,i didn't want to do anything,just sat on your Lap and that was my moment still.."

Ash(smile) : "Kanto Water Empress,most beautiful and skillful Sensational Sister...Ash Ketchum,the little boy from Pallet,always there..and no Mist,i was extremely sorry to know your state...very sorry..and your doses of (), that just turned me into a complete devil..that day i preyed upon my sweet to soul her(both giggle).. truly i was in an extreme mood..but i just thank God that i've got you back..i'm rather now realizing even more after i've got you back both our pains,mine especially... that's why I just want to be with you in Honeymoon..all i want..just gazing at you, hugging you..i just want my soulmate and adore her all day.. you're my whole being Mist..i cherish you too,so much.."(both hug each other firmly for some time)

Misty(smile) : "anyhow,mount moon 2"

Ash(smile) : "right,then those dumbnuts pulled their trick and you mentored max and was separated with Pikachu from us when i was thinking about Pikachu and Brock suddenly said don't worry Misty is with them,which just gave me a shock cause(laugh,Misty Laughs)yeah right,it would've been a worry for us 2 years back that Pikachu

was the one who had to look after yourself in such situation but,then i realized (smile) that my flower had really blossomed"

Misty(smile) : "i can never forget that dance and strangely you were keeping May in between us"

Ash(smile) : "to gaze at you safely"

Misty(smile) : "so finally you decided to gaze at someone intentionally"

Ash(smile) : "yeah,and Mist certain b..(Misty Frowns).. (laugh)..nah that's from undercover actually,comes later(Misty shakes her head and smiles,smile) anyhow they have at first sight charmed me but gazing to me is all about you(smile)...it was not how you looked or anything..but i just loved to keep gazing at your face.. it's majestic feeling(hugs Misty firmly,Misty too hugs Ash)"

Misty : "but,Ash try to cut that language,i know you're feeling guilty about your actions to me yesterday and all that,but please we're married now, it's ok..and it's ok,we will be at Pinkenberry all alone for a long time.."

Ash(smile) : "right,so i gazed at you and obviously May would understand and(laugh)threatened me to break my head with stones at night unless i proposed,to which i said she'll as usual eat too much and fall asleep,to which she compelled Brock to ration my food and her "normal"

food between poor Max and himself and scowled them to gulp that up(both laughs) 9 years yet so very fresh in my memory..(both smile)..so she starved herself and me,to which i smirked that now great we'll eat each other up,then she smirked that she'll be the best for both,then i said if you slept off,she wisely nodded girls are always more tensed,when i said i've seen that,she frowned and again then really said something i wish(sigh) i paid more attention to..but anyway,i've my flower(smiles at Misty,Misty giggles) she said that if i don't then even if another boy doesn't or you yourself don't it'll only pain us both,then i thought she won't let me sleep tonight plus you were anyhow leaving as Daisy and gang were upto their old dirty tricks(both laugh),so i myself was also desperate,did she tell you anything"

Misty(smile) : "she was here and there talking about Drew as if to suggest me from my own experience,which she was trying to portray as a travel companion environment,and i easily realized what she was upto(both laugh,Ash shakes his head) so i just played along,and yes that day she implied to me that you want to meet,but i also implied its always if other people aren't evsdropping,which obviously dissapointed her(laugh) and then we spoke(giggle)"

Ash(giggle) : "right,i just about didn't have the right words and talked about your pokemons..well Gyarados that is(Misty laughs)..and then we had that hand holding and just slipped our fingers through against each others fingers and all that,finally i kinda forcefully hugged you and just said you're my best ever friend"

Misty(laugh) : "actually that really was your way of saying you cherished me and i got that and answered you in your language but didn't do much..i just wanted you to burn for me with longing,as I thought then you'll have to confess and i just loved that day so much"

Ash(smile) : "right,next morning May opined that it would've been so much better if i did this and that,to which i said next time i'll take the rose from Drew personally,which dissuaded her from pestering both you and me(laugh)"

Misty : "and Brock was you know as usual always wanted me to jump and since that day also started to give a piece of his mind everyday to you"

Ash(sigh) : "yeah he did,Mist,i still can't come.."

Misty(frown) : "again dear?"

Ash(smile) : "ok,ok,i won't (Misty smiles),yeah so after my 3rd frontier symbol,i just couldn't take it anymore and one day just phoned you and spoke my mind too emotionally"

Misty(smile) : "right,but Ash,that was music to my years cause i was only waiting for the inevitability,and then you were so so sweet"

Ash : "right,and then well,May and all came to know and all that till i won Battle Frontier and straight went to Cerulian,Mist if only i knew those.."

Misty(laugh) : "no let them sleep for now,ok?"

Ash(smile) : "my conversations with you became more and more intense but i being a jerk,it was either pokemon or your gym battles that's all"

Misty(smile) : "Ash,you're so sweet and then were even more as you were just about becoming a youth,it was amusing for me,and i always knew how much you loved my poses and winks.."

Ash(smile) : oh! i died for those winks Mist,really,and your poses were as beautiful as ever,and you had sent those pictures,it was heaven,and then that..um.."

Misty(smile) : "want those(laugh)?"

Ash(smile) : "soully(both smile)..so your kissea were actually a big trouble cause they caught me and all that,infact Dawn told me to do the same to you with her lipsticks(both brusts into laughter).."

Misty(laugh) : "May helped the letters right?"

Ash (laugh) : "pretty much that's why they became very

strange (both laughs)"

Misty(smile) : "but your pictures made my day though i was so terribly busy then,just in the shows and so on,but people pestered me as well then,which i did tell you but you always in all your sweetness either didn't realize or brushed them off and that really made my day cause i realized the insignificance more"

Ash(smile) : "right,um..just a sideshow(Misty Laughs),those Godforsaken brats if are still around,beware,i feel hungry,very hungry(both laughs)...so i went straight to Cerulean and the first thing happened was Lillie(both laughed) "who are you?where are you from?why are you not at Viridian?why your hair is like this?which perfume do you use?",then suddenly Daisy remembers me and goes like "aww,the Hoenn Champion Ash right",i said i just won battle Frontier,to Violet's utter confusion as she has never heard of it(both laughs) then Lillie tells them its that sideshow and looks at me carefully when i somehow manage to say may i meet Misty, Daisy goes like what i mean by meeting, whether i know her,if i'm a fan they have no time for us and so on,then i finally had to call them by their names and remind me who i was,when they wisely pointed out that the meeting is not possible to which Violet scoffed them

saying this is so romantic and so on,in the meantime someone told them they were needed and they reluctantly told me to go to the guest room and you were out for that day.."

Misty: "yeah,i went to Viridian actually for show,came back got a verbal smack for inviting my boyfriend without telling them(both laugh) and so on,when i finally pointed out your second Gym battle there and all that,did they finally warm upto you"

Ash : "yeah and then they started to cajole me into the battling for them..(both bursts into laughter) then i finally could meet you and confess my feelings for you and all that and um.."

Misty(smile, hugging Ash) : "had our first kiss..till yesterday my favourite moment"

Ash(smile,hugging Misty) : "yeah, though i kinda never expected it but had to give in to my emotions and you actually made the situation normal"

Misty(smile) : "right!Ash,now you can understand my position.."

Ash(smile) : "yeah,it really made your 2 years actually(both laugh) then of course i went back home the very next day went to Sinnoh cause Gary had some great new pokemons(both laughs) and then you know we were

talking everyday and all that..then that Sinnoh League win happened and umm(solemn)..things started to change"

Misty(smile) : "later dear,i want to go back(both laugh)..restart from your phone confession(both laugh)"

Ash(smile) : "yeah the 1st and 2nd symbol..well it was heart-wrenching..Mist, I really never even thought that you could ever long for someone else so i was sort of sure that i'll see you sweet face beaming again amd again..so first two was a bit strange,i just couldn't let go of your memories and my chu-bro would tell me that,this is Misty-showing your things all the time and i guess he only realized i want to meet you..then after my 3rd and you were talking..well i got too close to the screen(both laughs)..and sorta could feel your presence.."

Misty(smile) : "yeah and i just kinda automatically puckered my lips and it was a really romantic moment.."

Ash(smile) : "but then somehow i refrained from kissing you(both laugh) through the screen (both laugh)..but i just knew..chu-bro said i want to fondle Misty(both laugh)..so anyway next day..um.."

Misty(smile) : "yeah,next day,i knew you just were unable to take it anymore,so just mouthed off any challenger..(laugh).. alright.."

Ash(laugh) : "right,those damn brats that were alive that

day if comes around, Crawdauntogator is patiently waiting(both brusts into laughter).. they're hungry,very hungry(both brusts into laughter)...yeah so then?"

Misty(smile) : "then i was just overjoyed and all and you finally called and was gibberishing(both laugh)..so i just kinda told you how i was a bit tired and want to rest on the table so that i could come closer to the screen(both laugh)..

Ash(laugh) : "yeah,so i just couldn't take that anymore and said i cherished you for so long and went all over..Mist,that really was a great feeling(both giggle).."

Misty(smile) : "yeah and i was also so happy i just reciprocated and kissed the screen(both laugh).."

Ash(Laugh) : "to which i said on the cheek(both brusts into laughter)...anyhow then i personally phoned you most because of sweet talks(both laugh) and all..then Gary insinuated May and they found out you kissed picture(smile)..i did preserve the kiss but then just faded(both laugh)..then you sent another such then won Battle Frontier only after that i came to know all the rules etc..May decided to part,Max went back to start his journey..Brock as usual wasn't sure whether another was due or not but i went straight to Cerulian for 7 days(both laugh)..told mom Mist is now my girlfriend and i'll see her

later many times but Mist herself told me she may have to go away for a long time without contact(both brusts into laughter).."

Misty(laugh) : "mom later told me,you said like Hi Mom! remember Misty, she's my girlfriend(both brusts into laughter)..and mom was kinda taken aback(both laughs)..but she knew it all along anyway(both smile).."

Ash(smile) : "right then ofcourse those 7 days,Ceruliam Cape,the Dates(laugh)..both have had a good dose of it i guess..(both laugh).."

Misty(laugh) : "i'll always remember,'would you go to a date if i ask you',No,why, you're a stranger,then you'd date only known people(both brusts into laughter).."

Ash(laugh) : "then your shows,the songs..well infact i never knew why Violate was a gym leader anyway(both brusts into laughter)..i knew Daisy,you told she was always good i saw that one day..but it just never interested her..and Lillie was never concentrated..Violate..(laugh)..how many(both laugh)?"

Misty(laugh) : "thrice in whole life(both brusts into laughter)..after i returned only once(both brusts into laughter)..and you know she'd say 1 on 1,first hit,Mantine return,here's your badge(both brusts into laughter)..never even bothered to have a second(both brusts into

laughter).."

Ash : "yeah but the shows i knew what Violet was once in her environment..but i only gazed at you(both laughs)..and i could see what other people were doing..and one man one day probably thought i was rather gazing like i know you very well..hey man do you know her,yeah second cousin(both bursts into laughter)..so that was it..um..just a bit(Misty bursts into laughter)..those forsaken brats if are around that ever even looked at my flower,i'm starving (both bursts into laughter)..but Mist i only later realized boys were ok i know girls far more dangerous (both laughs)..cause they just want to know everything about you so that they can immitate and all..I saw 4 shows..final day finally sweet sweet Trace is there(both bursts into laughter)..i knew the brat knows not one thing except swimming like 10 hours(both bursts into laughter)..and you carried him throughout and he just didn't know what to do(both laughed)..Trace was out didn't know i was in audience so when i say hi,he was like why are you not in any leagues(both bursts into laughter)...so had fun then that moment there..in full night total seclusion your space that was..once i entered i knew you had Mistyvious ideas(both bursts into laughter)

Misty(smile) : "just wanted to kiss you for may be like 8 years(both laughs)..so just went off and once i went very close you just asked 'Mist,um..may i..um..have a.."(both brusts into laughter).."

Ash(laugh) : "yeah ,and you straight came in front of me and and we had our kiss,a very long one too(both brusts into laughter)..more like 80 years (both laughs)..anyhow,i though didn't feel awkward but just a bit puzzled because i knew you like the back of my hands and like never have been in that position and situation (both brusts into laughter)..so a strange stuff..during our kiss all i thought was how much i cherised you and all that..it was great,it was great.."

Misty(smile) : "yeah..i kinda completely lost myself and so many emotions and all.. yesterday when you were going like spit and caught(laugh)..i felt really sad.."

Ash(solemn) : "um..Mist,i did hurt you but we.."

Misty(smile) : "that was that Ash,this is soully(both smile)..i felt awkward and never really wanted to meet you the next day but then you just hugged me(both laugh)..and then we went to the pool had fun there,well i tried to kiss you everytime i saw you(both laugh)..but you said may be the first word of wisdom i ever heard(both laugh)..\"sweetness turns bitter if tasted too much\"(both

brusts into laughter)..so desisted..and then you again went,and it was the same phonecall and all.."

Ash(smile) : "yeah,just went to Sinnoh,Brock went in,May came to know about us by the end,Max obviously realized 2 years later(both laugh)..i told Brock minus the kiss(both brusts into laughter)..he was happy just patted me..Trace was so overjoyed said like why didn't you call me(both brusts into laughter)..anyhow then I met Dawn..her first question is like Hi!I'm Dawn,tell me about your girlfriend's hair(both brusts into laughter)..she was she..but she wasn't like May(both laughs)..much matured and absolutely cocky(both laughs)..was a sweet girl really..and Brock was much changed then but he told me that this will really be his last trip so just to learn the basics cause i still had two more regions left..and really i was so oblivious,by the end of battle frontier you told me many times to learn those so i did a little..but then sinnoh went on got 14 badges and two ribbons,well that always bored me to hell(both brusts into laughter)..and Drew would always go like,5 minutes break it up in 50 pats(both brusts into laughter)..and May said no only 5(both brusts into laughter)..Dawn coerced me saying it'll help you..so just went along..i guess i really came off age there in Sinnoh"

Misty(smile) : "um,Ash.. detail all your journeys.."

Ash(giggle) : "at your service as ever(Misty giggles)..

12,May-14,April,Indigo

14,May-15,May,Orange

15,June-17,June,Jhoto

these were with my sweet sweet Misty flower(both giggle and hug)..but(laugh)..Trace(both laughs)..i can never forget that brat(both laugh)..i wish he atleast came once more...but i'll know pester him(both laughs) for the rest of my life..and you know i unnecessarily wasted a month in Jhoto(both laughs).."

Misty (smirk) : "too much flower(both bursts into laughter)"

Ash(smile) : "yeah,just didn't want to be away from you at all..and you were in heaven that 5 year patience finally(both laughs).."

Misty(smile) : "i always knew you only ever looked at me like that..never anyone else..but i just wasn't sure... but(smile)..now souly souled(both smile and hug)"

Ash : "then

17,July-19,June,Hoenn,our reunion at 18,April..i had to live without my sweetie for 10 months..but i really became your fan after that Mist(both smile)..that night i was always with you,well Gyarados actually..(both bursts into

laughter).."

Misty(smile) : "could you have beaten my Gyarados in Hoenn?"

Ash(smile) : "no i wouldn't not even in battle frontier..but after Sinnoh i could you know Crawdauntogator (both brusts into laughter).."

Misty(smile) : "Ash,i'm a hall of fame myself but you really have i mean.. it's just impossible to think what only just those two can do..that is soulmate really.."

Ash(smile) : "yeah,but(both laugh)try telling them(both brusts into laughter)..then Batrle Frontier from 19,July-20,December,Battle Frontier

then with my flower for a week

then 21,January-23, February,Sinnoh,well thay really made me then Pokemon Master..well the normal one(both brusts into laughter)

Misty(smile) : "yeah you really got very matured during Sinnoh and i was very happy..i mean you really mastered the sweet talk then(both brusts into laughter)..about Gyarados (both brusts into laughter).."

Ash(smile) : "right! actually you know i never told anyone about my first kiss myself and still hasn't and later when they pressed me i would always say why were they interested at all and so on,Dawn was always very excited

about us but never went to overdrive like May,she had her own goals,Brock had changed quite a bit and we just trodden along, your name skyrocketed and i was very happy for you then"

Misty(smile) : "yeah,and you were my relief as well as i could talk about pokemons with you all day which here was hard to do unless Trace was present"

Ash(smile) : "right,but you remember that final..by the way Daisy never forgave me for never giving you a flower bouquet though(both laughs)"

Misty(smile) : "Ash,your two gifts Battle Frontier Trophy and Sinnoh League, Especially Sinnoh league,you know saved me many times actually.."

Ash(sigh) : "Mist,really you too need time in Pinkenberry"

Misty(smile, hugging Ash) : "i'm having every bit of it Ash, don't worry"

Ash(hugging Misty) "right!"

Misty(smile) : "those two were you know what set Men out of Boys,especially that Pikachu vs All in Sinnoh,that was the Pokemon Master"

Ash(hugging Misty) : "i guess Mist,i guess.but um..(Misty again laughs)..(laugh) time for brat break(both laughs)..those who pesterd my sweet little flower,i'm famished (both brusts into laughter)..well i realized many

things that Final day and so on,Pikachu's powers and my intuitive powers really did give me the breakthrough,that i just knew what to do to win any match in any situation against just about anyone..i hardly lost in Unova once or twice but other things happened and then the breakup and then team rocket came around,where i had to be very carefull,and it also was a big thing cause i might've never got that 6 trophy,but then i really didn't care,was in my own mood,own oblivion and fortunately my skills in battling did defeat team rocket and so on"

Misty(smile) : "yeah busting team rocket just about 8months after our breakup and all that was happening i really also thought your head had spun just too much and all that, otherwise by the end of the 2nd month right upto 6th i thought of the reconciliation many times but but never quite proceeded and then those sludges floated and all.."

Ash(smile) : "well i only wish i wasn't such a dumb buffoon as well,but you know i was and then i went to Kalos and by the end of it i knew i had no many match in this world when it comes to battling... after Unova i had only one match and that was Laura,were almost 90 by then and i met her in Sinnoh when i won the league there and she instantly recognized my just blossoming levels

and really blessed me much and she actually did tell me that i'll surpass her and anyone else ever..she just said your Pikachu itself is a miracle..i did tell her about you,which to my surprize she knew rather well via one of her relatives from next generation having woked in Cerulian recetly"

Misty : "yeah,i you called her and introduced me to her from the Gym,and i spoke with her only on that day and she really was very kind"

Ash(smile) : "yeah,as you know a real legend in all departments,and(hugging Misty) you'll be such and way bigger soon Mist"

Mist(smile) : "i want(hugs Ash)this only"

Ash(smile) : "have all the time(both giggle)then of course i won Kalos like i did and i just knew now i don't have any match at all and basically i knew it was formality before i got into hall of fame and Elite 4 happened,after the very first Elite4 with those brats and all,i knew i have become once ever and i won't be able to battle long..so just oriented the group and somehow finished(both laugh)..but my personal problems just erupted as well anyhow all things finally came to be settled forever yesterday,as i had MY FLOWER(both hugging each other smile)"

Mistu(smile) : "but i want to restart again(both smile)"

Ash(smile) : "anything all the time(both smile)..
so, i come back from Sinnoh now a 3 weeks break and
again 2 weeks at Cerulian (both bursts into laughter)..this
time none of those 3 were there but Sarah of all was
instructed (both laughs)..She comes are you a
challenger are you a visitor,are you the observer(both
laugh)..and i said i'm a challenger..(laugh)..none is here
now come at 3:30(both bursts into laughter)...then i
showed my Sinnoh title..ah!your Ash Ketchum..and goes
all over..then she ofcourse realizes about me and you
called you,i challenge you(laugh)..and then went all over
in pool(both bursts into laughter)"

Misty(laugh) : "yeah,that Sinnoh title and before that that
phonecall you were a real star too then..so i just asked
Sarah she says new trainer 4 badges,Hoenn,2nd
region(both laughs)..so then I go and You(smile)..so
sweet..then the challenge,you go like i choose Ash(laugh)
and jump into the pool..really you scared me with that
dive(both).."

Ash(laugh) : "nah just seeing you adrenaline stuff(both
laugh)..then my sweetie sweetly came and had a good
hug and all the fooling around..then(laugh)..again
someone comes new challenger and i just said tell them
Sinnoh League's champion Ash Ketchum is here cause

this is his cousin's gym(both burst into laughter)..so for that day the Gym is shut..then we had so much fun and all that.. beautiful times..Brock ofcourse decided to go to become a Doctor,Trace was around Daisy i saw(both laughs)..and so on..you really were on top of your fame then..good times really..that time i actually thought i had stayed enough and we kinda had an understanding.."

Misty(smile) : "yeah true..we sort of matured and you only had 2 leagues left..we both were very happy..Ash,i never realized how much danger we and you then took up,so difficult isn't it 2 years and all those places.."

Ash(smile) : "true Mist very much,well in Kalos i hiked barely cause there's more cities and all and i had my different intentions there but Unova i went in 23, April-25, September..that really was my tuning point...my skills were just it was every day a thousand new things and then attentions,i completed 24 Gyms there and all that..Iris and Cilan barely kept up with me..and at first it was well then my head wasn't right then our problems started and all that,you weren't in a good place either,far worse than me..and that i really regret 24 is just a number you know..but anyway my flower is just here(hugs Misty firmly,Misty giggles)..by the end of Unova i knew i could go toe to toe and may be even better

Elite4..but i came back and all that.."

Misty(smile) : "yeah you were great but then pressure upon me was always increasing and you also weren't that close it seemed always became about how great this party was or what you could do..then may be for the first time in like 6 years i screamed at you and you were rather flustered and all..then i realized you came to and agreement with press and all but just always seemed very far..just profesional life..and yeah i cheris you..and here peole were constantly hanging around me and all that..Trace was my only link with normalcy..and i'd always tell him keep a tab on Ash,he's gonna get bamboozled..and he did what he could do..Brock went so busy..did meet me but was rather all into his own stuffs..i just felt lonely..i realized then Ash,as you said yesterday..truely i do need you so much.. it's just not fulfilled without you.."

Ash : "yeah i just brushed aside your troubles and all..that was being bufoon..and then we just came to that day when i,Mist,i still regret that and that's what i was telling you..i was killing myself as well..i just told you i'm busy i dont wait for guys to come into the doorstep..just if i said random people,it goes completely different place..and you never cared but then these brats..i'm sorry really Mist"

Misty(smile) : "yeah,just a guy pestered me to much..and then,but Ash(hugging Ash),just take your break(both brusts into laughter)

Ash(laugh) : "those damn brats tried to talk with my sweet flower,i'm salivating,the hunger and then the prey..please i beg of you..just come around..i'll feraligate you(all brusts into laughter)..how many times you used Glalie?"

Misty(smile) : "few times.. extremely good..but now probably same i guess(laugh).."

Ash(laugh) : "she's a lesser gem(both laugh) but still more than any legendary pest if she wants to be(both laughs)..her thing is that she'll say you look ugly,this will check that etc(both laughs).."

Misty(laugh) : "far sane with me(both laughes)..yeah,i just tool your words as like till yesterday when you showed me what you did,soulmate..and i just got angry..then that day wasn't good..and i always thought about reconciliation but just never knew and you went undercover..so we just only had your those words and all.."

Ash : "yeah,well i went Undercover from 25,December-26,May

and went to Kalos in 26July-28,June

then I went through Elite4..finished on 29,June..so yeah

by then you know

i cut off from Brock and Trace 25, November itself and by the time I reaches Kanto Elite4,i really didn't have any touch whatsoever with my roots..my nights went in deep studies or fooled around with Ganger or someone other..it was like as you said yesterday..Pokemon or hell.. just no respite...then i planned and got you this month.. really i even came home since 26,June..more than 3 years..i really was somewhere else..and these 3 has made me what i'm now.. especially Kalos..but Mist,really..just lets fly off to Pinkenberry...

Ash(laugh) : "i guess,but you'll forever be a miracle monger,i saw Gyarados and then the flamethrower,i was rather so jealous of you as i thought i want that,but then.. (blush)..um..i turned back at you and you were smirking at me saying that it was rather very impressive than only impressive with a rather proud face then i went into flashback and recalled,and i'm naratting this to you now cause i was too flustered before to do so but you looked nice that day,i already felt

Ash(laugh) : "indeed,i organized for a show battle in on

the sea insinuating i never got the respect i deserved from my favourite City and then you know a few wise brats from the gym implied to the press that the king is only after the queen only for you to vehemently deny it and get you even more angry..(solemn)..Misty(hugging Misty),i..um.."

Misty(smile,looking at Ash) : "i'm right here,dear"

Ash(smile) : "right,so there was already too much interest,but then before the day i trash talked you..(very grave) Misty,this was the darke.."

Misty(smile) : "Ash,it was enough for me to be able to see you again live after so many years,well rather having been forced to(laugh)that trash talking was far better than anything i was hearing before,(beaming) Ash,you know,none could've got upto my nerves like you did by simply calling me a in Lil's childhood word "runt" repeatedly exactly the same way she did that you heard and those bug pokemon jokes were just..just blown my head off"

Ash(solemn) : "um..anyhow i should make the amends right now..so i said for an utter buffoon that i was i still could smell some fishy things were going around the Gym,which now i just can't help but want to thrash left and right,anyhow,i whined about the food,the gym leaders

looks,the pokemons nonsense behaviour proving the staffs were rather useless,so in a way riled everyone up,and as that forced you out to fight me and so on"

Misty(laugh) : "that fight was the best,i ust went prepared and then out of blue you offered to show all your pokemons and then showing Pikachu and saying you'll want me to choose for you and i just screamed at you just as i used to when we were 12 which was after many months actually,i was so solitary.."

Ash : "yeah,i had to carry on my antics and the crowd were suddenly all poured into it when i played my trick by offering that chorus which actually was to affect your pokemons only.."

Misty(laugh) : "that was really like i just couldn't imagine and none of my pokemons were able to do anything,i was too agitated and confused to tell them to counter with the same trick,which still wouldn't have worked would it Ash?"

Ash(smile) : "no not,you just didn't have that jovial self..once Golduck of all was confused,and that's exactly what Pikachu was there for doing,i knew it's a matter of time till the crowd just forces you to quit..you know

Mist..now at my level, except you i mean then you had so many troubles..but except you nobody really can stop me..but of course my flower is my flower(huggs Misty

firmly,Misty hugs Ash,smile)..and my flower only can stop me cause the moment she appears across the field,i'll just jump off and hug my flower all i want(both laughs)"

Misty(smile,hugging Ash) : "and i'm all about my sweet bee.."

Ash(smile) : "but then you were agitated and i just took the advantage,(both laugh)..well i still wanted to hug you to death when we did that handshake (both laugh)..and that's why the gloves(both bursts into laughter).."

Misty(smile) : "really,that was something,i just swore you to which you again retorted with the Psyduck jokes then i just had given up and finally had to tell you to try to fight me one on one(laugh)which Snorlax did to an extent that i still can't help but laugh"

Ash(smile) : "yes,it was hard cause none of my pokemons was ever going to battle in the first place and Gyarados first charged but with that typical Snorlax yawn she was so utterly flustered that she just flamethrowed him,to which Snorlax,just went into the water

Misty(laugh) : "then i told Gyarados to do the ultimate Gyarados Rage,it was just a suicidal attack only for Snorlax to tell her that "neither you nor your master don't have any idea what you're doing",which made her so

flustered that Snorlax jumped on top of her head and kept on doing the antics and telling her how to stay calm and ask questions before doing anything (both laugh) that finally made Gyarados so happy that she just gave in...that jump itself,Ash i knew what Snorlax and you've become..but that was funny Snorlax,your false alarm when we were dating(both laugh)..that was real scary.."

Ash(frown) : "and some Cerulian brats even then had the audacity to insinuate that this wasn't funny(laugh)"

Misty(laugh) : "really,Cerulian and you have become like water and fire..anyhow I was just too shocked to do anything and finally tried Dewgong vs Pikachu which Pikachu just went away with trying to balance himself on him and lightly iron telling him each time he discomfited it, Dewgong was just too known to Pikachu and despite they never liked each other,my poor boy just couldn't think that this is not a play..and then i realized your trick of sentimental tactics and screamed you off as a cheat barely restraining myself from talking all about us to the crowd"

Ash(smile) : "that i myself will,not by words but by action,when my official marriage ceremony takes place exactly there,me marrying my cherished flower the infinite and one more time(hugging Misty,Misty smiles and hugs

Ash)"

Misty(laugh) : "and won't they insinuate anything then?"

Ash(smile) : "that's the point Mist,when they do i'll tell them i wanted my flower and my flower wanted me,if any brat has any trouble with that i'll play the hometown Pokemon Master Hall of Fame card, insinuating that Cerulian never gave me my due which Viridian did,to which they'll point to my flower,self contradicting themselves to my point that I CHERISH MY FLOWER and my flower cherishes me(hugging Misty)"

Misty(laugh, hugging Ash) : "surely,and that's exactly why you didn't go on their invitation didn't you, mouthing off the "Showoff Gym" with a "young Dramabook Sinister Princess" roaming around like an "Old Venerable Venasaur(laugh)?"

Ash(solemn, hugging Misty firmly) : "um..Mist,you.."

Misty(frown) : "hey,cut it off,would ya?we're just having fun."

Ash(whinnying) : "umm..no..my flower before that has to spend 1 year in Pinkenberry.."

Misty(laugh) : "Ash,we'll go there, don't be so upset about it"

Ash(whinnying) : "no,i want to runaway with my flower tonight.."

Misty(bursts into laughter) : "mom said too much imagination"

Ash(bursts into laughter) : "absolutely not"

Misty(smile) : "anyhow then i screamed and the referee said draw and i lose"

Ash(smile) : "actually on that whole night that was my best bit as i told before that i get to date you,so i said first handshake and once that was done,thats our date,thank you 'mam(both laughs)"

Misty(smile) : "what did you say in those hangouts and date away there?"

Ash(laugh) : "well after undercover the logic of swearing was very clear to me(both laugh)..so in Kalos parties like,'hi!i'm this a date/hangout"..well i never danced with anyone except you till Kalos when we broke up..and you know the rest.. it's only my flower whose touch is exactly that flower to me(both smiles to each other)..rest well once Serena pesterd me,danced with her friend (both bursts into laughter)..another two times i said i like to dance without any contact(both laugh)..so they just finished in a minute(both laugh)..so i'd go 'yay,i heard you, what's the meaning of the name'(both bursts into laughter)..and then a few pokemons,when they tried to go personal,'thanks for sharing your knowledge,see you

later'(both laugh)..few wanted to talk further..Unova was different..'do you have a girl'..and the way they looked the damn pus and blood..i'd say 'i have a girlfriend whoose very very devoted to me and we cherish each other beyond limits'..that ended the discussion there but some people..'who is she' as so on..'nah,i can only say this much,sorry if i'm being rude'..and that's it..my abject failure was only not having the realization that Cerulian Gym needed my presence for atleast 3 weeks..and even after i was so flustered after our break-up,i never even thought i could go back to you and instantly cut everyone off..just called you once the day after and you were gym battling so i thought it's just that that's it and the Gym once more,where Berge told me nothing can happen, don't disturb...so i just returned and talked with Trace,Brock etc and i was so puzzled that all they thought was that as i told you why why why..it just felt like Misty was all i never had any part in our relationship..so at first i just told them don't get into my business as i knew Trace and Daisy were close and Viol if ever liked anyone it was Brock and viseversa..Gary and Lillie has very similar characters and Gary kinda had a bit of feelings for her..so i just sternly told them forget me and don't get detached because i broke up..Gary only got my clue that i meant no

more business about Cerulian Gym for me but you should go your way just don't disturb me..rest you know,again and again Misty is unhappy and all..i told them i don't want to hear,i've got one league left and that's all i know later me and Misty can patch up..and you know me Mist..it just i mean 13 years and I just thought that was really it..i never felt why should I talk again with you cause i just never thought of you like just everyone,you were always different to me and I was 25..i just thought that well so much then..and i also never really bothered to find anyone cause it was as you said Misty or bust, absolutely...now Trace went on,patch up..he was as good as ever but then one day i just couldn't keep it to me anymore,and i never swore like that,in Unova or otherwise may be one or two bad words but that day it just went off.."

Misty : "Trace didn't return to Cerulian after that for two weeks only phone,that too rare with me only Daisy,then when he did he told me Ash i think isn't going to come back easily and said he told me things that has just broken me apart beyond imagination and he really was very depressed.."

Ash : "yeah,then Brock..same thing almost..but he went ahead saying find someone else exactly like you,that just

turned my head so much i straight went up and said you're nothing but blodd and all and showed a document,a book page actually(both laugh)..and said read it if you can...his interpretation helped him,but he thought my flower is the same as any sludge to me,so was absolutely incensed..Max just asked me once or twice,i just brushed aside,Dawn same,Iris barely had any contact with me,me and Iria was purely professional relationship though she was sweet.."

Misty : "yeah,she hardly had any contact with me either but yeah later cut off,Cilan as i told you once after break-up and that's it..."

Ash : "yeah,just chided me once but has still some contact,very professional.. doesn't say anything personal..i did tell him after our break-up whether he wants to have a date with you to know everything about you(both laugh) as he was such a big fan,he just scoffed at me saying how can you say that about your girlfriend and so on..i pointed out that she's no more my girlfriend,to which he got flustered and chided me but said he won't go much cause i may think he indeed wanted to date you(both laugh)..very frank guy..since then never spoke except once that i may try to patch up but then again said none of his business..truely a good

professional guy..and i have no contacts with Clemont and Serena only calls professor oak..i gave you her details cause i actually wanted to show how you're behaving even after so much humiliation and knowing that this girl was with me and so on.."

Misty(smirk) : "hum.. Ashy-boy?so much faith in Mist right?(giggle)"

Ash(smile) : "and my flower kept it..(both hug each other firmly)...yeah,

then 25,November-April,Undercover.

well they got me in December just as i decided i'll go for Kalos..so just went along,started from January till April,May was final,June took a rest,July go out to Kalos...in May i was at (),where Violet went and all that,i just sent my under-cover beaus(both laugh) there..yeah they'll be in Pinkenberry only(both bursts into laughter)..they extracted Violet's personal info, learnt about Brock,then i send an unnamed letter to Mr Kane Slate insinuating (both laugh) that Violet still has Brock in her mind and that's all..well i mouthed Trace and Brock off around November and it was 6 months so i knew Brock being him certainly must have thoroughly changed..so yeah that was really it about Cerulian and all you know,after that i took a month rest at Professor

Kukui's lab and all that,there Dawn's parents came and met me,had a chat and all and Drew and May came...well Drew was upset with me cause he thought finally ego has caught me up but he never showed that openly just told me not to get too carried away,this was before Undercover,after that he never mentioned personal matters at all...then May,she was again beaking my head off,why,why,why,why..i just said why do you want to know,are you thinking of breaking up as well..she was very upset and sad and then just said she'll never discuss anything personal about me but she will as usual tell me if she really broke up or not..then she contacted me sometimes and all just light chatting same as Drew...till i sworeed her off on her anniversary..that was a big mistake from me..anyhow then that fiasco with Serena happened and all that..then the sludge attack,i just had given up on everything un-pokemon(laugh,Misty smiles and hugs Ash firmly)...Gary never talked about anything personal neither Trace,well Trace would just give the phone to staffs but rarely very brief just reports,we called each other by surnames(laugh,Misty smiles)..Gary only said when he got engaged to Lillie and later married her and then about his future, that's it..i was happy for him and all,and now he didn't mention Lillie at all and else i

probably would've mouthed him as well(laugh,Misty smiles)..oh and once Professor Oak told me Trace got married to Daisy,naming her..so i just said good news that's all..i had no news about you except papers and here and there those i never cared about..the sludge attack i realized it would be hard so i got even more ferocious and all..and yeah 26,July-28,June was Kalos,28, August,October,December was Elite4s,Unova,Sinnoh and Hoenn,sludge attack at Unova itself..then 29,January,February,April Kalos,Jhoto and Orange finally in May went to Kanto Elite4,then my flower again appeared to save me from insanity and just now in July,i've married my soulmate Misty Waterflower(both smile at each other hugging each other firmly)"

Misty(smile) : "Ash,Kalos studies probably helped you to get through Jhoto right?"

Ash(smile) : "yeah pretty much,but you know i never won Jhoto and so i just thought i had a score to settle so was very determined...Orange was extremely painful..well during Jhoto i had an extremely strong pungent feeling but somehow brushed it off..then studied again but after Jhoto i really had not much direction cause only Orange and Kanto were left,Orange i've already won and only Kanto..but you know i never wanted to face Lance,he

himself infact persisted..you know you've to travel to all the gyms whoose badge you have and that's why Kalos was so busy and took my focus off..then you know all your memories in Jhoto...oh and Pettlesburg was great Norman and () were extremely professional,not one word about May or Max or about me nothing just very formal visit..so i was ok..but Jhoto i told them from before no personal questions at all and none dis..so that was all right but those feelings were very pungent though i was focused and brushed them off but then Orange had to come and i knew i was in trouble but just went on and all sorts of personal questions were asked..Jhoto of course knows all about you and got the clue that I don't want to remember you,those who remembered you that is and there was 4 only..but Orange you know they knew everything but too zealous,Danny i told you,Rudy first thing after formality how great Misty is doing,to which i just told him i don't know anything about her for the last 13 years i parted ways after Orange she went back to the gym only had brief contacts for one year but i just don't know what happened to her at all but i'm very happy to hear she's doing well and i heard it before so yeah,it was ok...but all our memories were really troubling me and somehow got over,then Officially i had to meet you and

Foster but Kanto being my own region and last i could pick and choose and that's why it was the last,i didn't want to come as i already had 6 victories for Hall of Fame qualification but Lance persisted and couldn't say no..but went to all gyms even Viridian and Pewter,telling Foster that please don't ask me any personal things..he obliged as he was the one who requested me all the time and begged almost later so i had to come...then after Lance i knew my career has come to a complete halt then with my level i saw the next 40/50 years just absolutely nothing to do at all...i thought of going back to Kalos buy a library and rest there then thought no Professor Kukui's Lab,i take up a job after resignation here from the hall,and just play around with my bunch and else..i just didn't have any goal at all..but then as God may have it..i came to know about my sweet Mist and her plight and then i still was unsure but then i had the final Soulmate realization and just just jumped upon my Mist..and she's my wife now(both hug each other firmly and smile at each other)..."

Misty(smile) : "you never looked at me like anything ordinary Ash, neither did I...your personal life made no sense without me and viseversa...i thought i should call but waited for you a bit then 2nd to 6th i thought i should

reconcile cause i knew how stubborn you are but then you were undercover,Lance only knew and I desperately asked him,he told me it's a secret..i told him that i am his girlfriend but our relationship is on very low ebbs and so i just wanted to know,this was via Professor Oak,so that broke my heart even more cause there was no hope may be i would've never saw you again and that only reminded me of none other than Mom's condition,she as well didn't understand our break-up and then this..i was desperate to get out and so was doing this and that..but could never actually go to date..yeah spoke with guys and said ok let's date..but just as i had to go,i just couldn't as i can never imagine a random bloke even touching me on a date or something i mean personal..date to me was synonymous with my Ash and that's all...so i just didn't know then 2 years passed all my sisters went away and it was really horrible there so i started to do what i was doing,then Hall of Fame and that craze and it made me even more sad cause Gym leader hall of fame is so so difficult..and it just went on..and i just truly went to use those poisons..i just wanted to forget you and i couldn't..but (smile)..i'm souilly with my Ash now(both hug each other firmly and smiling at each other)"

only for my pokemons to get me in and then i broke into your room,till then that record was playing constantly around the Gym,which they couldn't catch as it was fit with my own dress."

Misty(hugging Ash) : "when is that date happening?"

Ash(solemn) : "um..Mist, yesterday when i was torturing you.."

Misty(frown) : "which ended with our happy marriage,cut to the exact part"

Ash(smile,hugging Misty) : "right,my flower is looking very bright since then"

Misty(smile,hugging Ash) : "and so is my bee.continue."

Ash(smile) : "i'll date my flower exactly there every morning and evening after(scowl) she has to appease some chosen goddamn b.."

Misty(frown) : "yeah we all know that."

Ash(concerned) : "um..no Mist,you were always so tired everyday,those brats will queue in from 6 in the morning till 5 in the morning,so..(Misty laughs)..7:30-8:30 and 10-11 everyday.."

Misty(laugh) : "Ash,i'll have to study too.."

Ash(frown) : "the goddamn articles..and you also will have to give presentations?"

Misty(smile) : "reports on my Pokemons,Staffs,all of

it,well Sarah writes but i have to go thorough and sign and all that,then you have to fix this and that..a Gym sometimes is a real pest and feels like a cage.."

Ash(tenderly cajoling Misty's cheeks,solemn) : "so much strain my little flower had to go through all for a godforsaken brat like me.."

Misty(frown) : "Ash!"

Ash(solemn) : "um..no,my flower has to be beaming all the time and i'll take care of those dumb things myself,besides,they'll pester me as well..(laugh).."

Misty(laugh) : "infinitely more than me,you have the whole world to look after"

Ash(frown) : "i'll only take care of one thing and.."

Misty(laugh) : "Vulture or Brat?"

Ash(scowl) : "anybody that dares to come around the gym anytime except 11-11:15 strictly with 7 league tiles and 31 Kanto badges..i'll show them otherwise.."

Misty(laugh) : "all right,we'll date atleast 5 full day a week

Ash(scowl) : "6"

Misty(smile) : "Ash,you want to go to the cape on a Fullmoon 2 am in summer? it's heaven"

Ash(frown) : "umm..but,my flower may catch..um..heat.."

Misty(smile) : "right,so we're going there every fool moon"

Ash(smile) : "everyday would do(scowl)given no other

brat has the audacity to come anywhere near the whole cape..um..that whole day"

Misty(laugh) : "you'll love Cerulian Ash,you'll see"

Ash(smile) : "only my flower and (showing the ring)what my flower gave me from there"

Misty(smile,holding Ash's neck) : "really Ash, there's just so much to do with you,and now finally only you(hugging Ash)"

Ash(smile, hugging Misty) : "right,but um..want to know about the precise observation(both brusts into laughter)?"

Misty(laugh) : "Ash, I can't believe how you even know when i have to go to washroom..(both laugh)..(tendering Ash).. precisely soulmate(both giggle)"

Ash(smile) : "well,at first i had to observe you for my own safety(both laughs uncontrollably)..then just after one month it was may be infatuation but from 3rd month i just just always wanted to look at your face all the time..it wasn't that i won't get a bit charmed by other good looking girls..but it was just that one moment that's all..you were totally different...i never still consider you say beautiful or good looking.."

Misty(smile) : "soully wordplay"

Ash(smile) : "right..well i knew your whole body cause we were always together as do you but it is too i know like it's

my own..you never appeared to me as a cute girl whoose dying for me all time,it was just that your presence was so sweet and enticing to me,later just grew and i guess all the previous states was for yesterday..soully unified with my sweet soulmate Misty(both beam and smile)"

Misty(smile) : "yeah Ash,i much later realized it during the last 5 months of depression you and rest... you gazed at me at it then i didn't realize but later i saw many sludges and then i realized what you had for me which was more cleared later..you ever looked at me like your very very own..just didn't make any difference to you..never saw that in anyone else and now i know it's only you(smiles)"

Ash(smile) : "yeah,your eyes too,you ever looked at my face with blind devotion and while fighting (both laugh)..i was more afraid that you sometimes came so close that you'll kiss my head off(both laugh).."

Misty(laugh) : "i wanted to do that so many times

Ash(both smile)..but at the moment i always thought you're my very own,a kiss just won't define my adoration for you..and your whole presence too so sweet to me...truely Soulmates can have that much naturality between them.."

Ash(smile) : "yeah,so true..for us we just didn't know anything except each other"

Misty(smile) : "Soulmate"

(both hug each other very firmly and smile at each other)

Misty(smile) : "Ash remember our battle at Whirl and for Totodile? i'll always love those two cause before that truly we were too mischievous with each other"

Ash(laugh) : "i had no respect for you as being any good in our entire 5 years travel,Whirl i was playing along as a sportsman"

Misty(smile) : "but your idea of me being a miracle monger hasn't changed since the day you saw Gyarados"

Ash(smile,hugging Misty) : "am i wrong?"

Misty(laugh) : "i can never forget Gyarados' plight against Snorlax ever"

Ash(smile) : "that's exactly why i can't battle at all any more Officially,my condition won't allow me"

Misty : "Ash,your pokemons would still battle if i tell them to right?"

Ash : "yeah sure but you'll have to finish quickly and handle them a bit carefully,they're all just always waiting for the very next moment of fun,unless you can agree some false alarms..but most importantly they'll never attack anyone it'll be just to teach you the art of the attack(both laughs uncontrollably)"

Misty : "yeah you're right,but actually the only time they'll seriously battle is if it's Life and Death ain't it?and false alarms will only give accordingly limited opportunity where they'll be a bit too serious than just fooling around"

Ash : "yeah pretty much,i only need them for momentary defense thats all,and my ultimate compells me to die right beside them"

Misty : "yes Ash,that you have to"

Ash : "you've only set that with Dewgong and Golduck Mist,but(concerned) um..you still can get agitated sometimes given those brats.."

Misty(smile) : "yeah,but you'll be there with me"

Ash(smile) : "right,but Mist,i've not heard your singing for such a long time..the way you hummed those songs and later sang to me,but i prefer your humming more(both smile)..just humming,you get a little better then ok?"

Misty(smile) :

Ash(hugging Misty,smile) : "that made my whole day"

Misty(hugging Ash,smile) : "anytime"

.....

Ash(solemn) : "Mist,you cried very much yesterday and twice gave me some scare by almost fainting and then those 10/15 minutes you lied on the grass sobbing uncontrollably finally coming to the realizations"

Misty(smile) : "dear,you were being honest with yourself that's all"

Ash : "still,um..i just want something..

Misty(smile) : "Viridian Lake?"

Ash(smile,hugging Misty) : "Perfect, tomorrow night,we go to Pinkenberry on Charizard"

Misty(laugh) : "you want to avoid everybody right?"

Ash(smile) : "Mist,there are many totally islands in Orange where very few people go that too for day to day life,we can stay in any of those all our lives without anyone ever knowing our whereabouts"

Misty(laugh) : "where would the kids go?"

Ash(smile) : "on Charizard"

Misty(smile,Looking at Ash) : "we'll see about that,ok?"

Ash(smile) : "ok,but not so easy so though with kids(laugh)i can't swear left and right and bash Cerulian Vultures at all then."

Misty(hugging,looking at Ash) : "it's all right Ash,just that.."

Ash(hugging and looking at Misty,smile) : "all in good times dear,all in good times."

(both hug for a long time)

.....

Misty(smile) : "Ash,tell me,you already knew i was all

yours even before you confronted me yesterday,right?"

Ash(smile) : "umm..i guessed it but you know i had to absolutely confirm..but Mist(hugging Misty,solemn).."

Misty(smile,hugging Ash) : "Ash,it's alright! as we broke up i was confused,Green knew me and i knew him in childhood then he was a nice guy and Brock was so dissapointed in you that..Ash,cut it"

Ash(frown) : "no i won't i'll kill Brock as soon as i see that brat..(solemn)Mist,i can't believe Brock of all people could..could.."

Misty(scoff) : "Ash! get a hold on yourself!"

Ash(dejected,hugging Misty) : "agree to spend a month in Pinkenberry,only then."

Misty(smile,hugging Ash) : "1 week dear,you'll be bored yourself that long"

Ash : "surely my grave was good enough as i told Brock,indeed.So kinds tried to impress things upon you leading you to cut him off..and Trace?

Misty(sigh) : "Trace never got out of confusion about you and as he was with Daisy,this idea that i will only be healed staying away gripped him entirely,so later i had to cut off"

Ash(sigh) : "this en.. hasn't changed, anyhow,Brock realized something himself about himself and given his

character could change himself very quickly"

Misty : "right"

Ash(smile) : "and i know about those brats enough,nah! as much as i would love to but i can't feel but sympathy for them and they're not going the rounds for sure,Unlike Serena.."

Misty(smile) : "neither is Serena"

Ash(laugh) : "i hope so,but our treatments has been similar,same words even"

Misty(laugh) : "natural"

.....

Brock : "oh..um..hi Ash.."

Ash(extremely grave) : "why is it so Brock,that i find there's 3 particular names among which 1 is extremely extremely important to you as if for this NAME you have a bit too much,a bit too desparate,a bit too intense,a bit too.."

Brock : "Ash,it was a mistake,you know as well then that your rounds which you told us earlier was only intuitive to you as well..and.."

Ash(laugh) : "i told you a d.. l... r..?"

Brock(sigh) : "i much later came to know that you saved me actually.."

Ash(frown) : "later?later?why is it so o Brocko that i've found people being obsessed with a particular word "BEST" are a bit too emotional,bit too on the edge,bit too.."

Brock(sigh) : "Ash,please stop it.i know you did your rounds obsessively to a point where now if asked you just.."

Ash(smile) : "sweet sweet Brock,have you seen that just like you.."

Brock : "yeah,alright, don't get so excited,yes cong.."

Ash(smile) : "sweet sweet.."

Brock(sigh) : "Man,you need rest..ok,ok,you need to spend many months only with Misty in a secluded place and that i shouldn't have ever disturbed you yesterday.."

Ash(scowl) : "was that a challenge Brock?"

Brock(sigh) : "fine..we should've ever known that you and Misty got married the very moment you two met each other,and i having just come along afterwards should've been the very first one to stand up and declare it when time came.."

Ash(grave) : "your coming with me immediately to Viridian Forest lake,NOW,just phone home say you'll be late"

Brock : "hey.."

Ash(frown) : "you saw Ganger right? don't try me,Mist is there as well so you won't be killed thanks to her"

Brock : "um..at this.."

Ash(smile) : "Brocko,Brocko,Brocko,you don't want to play games again do you? i played a great match with Trace in the morning that his great grandchildren will love to recall,comply or the result won't be very sweet"

Brock(sigh) : "alright come on.."

.....

Misty(smile) : "hi,Brock(laugh) Brock he's Ash,our little pal..sit down.."

Brock(looking at Ash) : "he doesn't look so little any more"

Ash(smile) : "Brock do you.."

Brock(sigh) : "Ash,please,i know what you're trying to get to and Misty only came cause your not in a good condition,Ash we're sorry, alright,you made our day this morning for the rest of our lives, things happen.."

Ash(smile) : "like i was (Misty frowns at Ash)NOT RIGHT?"

Brock(sigh) : "alright, alright,I'll talk with Misty and you'll just watch over if i somehow was rude to her,if i'm shoot me all you want(Misty laughs) it's not funny Misty,your husband is hellbent on proving to everyone that he was right about you and viseversa and so unless we really confess it the umpteenth and another time,he'll not

desist(Misty bursts into laughter) and if we don't comply he'll set his Gengar and Crawdaunt on us who would pester and fool us to our next life sooner than we would like(Misty laughs loudly)Please Ash,i didn't say anything wrong"

Ash(smile) : "sweet,sweet Brock.."

Misty(laughing) : "Brock,you guys are so afraid of him all the time,he just wants to go to honeymoon as quickly as he can..this is this first place where we met,and i told him to see if he could get you which he happily obliged"

Brock : "at this.."

Ash(smile) : "lucy already knows it,i told her,but Brock what was it that you were insi.."

Misty(sigh) : "Ash,i'll talk remember"

Ash(sigh) : "alright but(smile) sweet sweet..(Misty again laughs)"

Brock(sigh) : "Ash,really, you're just too playful all the time,i didn't insinuate anything"

Ash(smile) : "you didn.."

Misty(laugh) : "Ash,i got this,ok?he wants to prove he's not the best choice but forever is the choice that is we are ever like this- like I'm Ash and He's Misty, Soulmates,one entity appearing as two to each other...but in between according to him some friends didn't help him by

agreeing to look after the Gym, and that is especially you since you had been a gym leader and Cerulian provided ample opportunities for your studies"

Ash(frown) : "and.."

Misty(laugh) : "he's saying that rock vs water type was no excuse for someone like you who had more than enough aptitude and knowledge"

Brock(sigh) : "Ash, i had my personal issues then, then Lucy came and i've understood my mistakes myself, i'm extremely sorry and no no repercussion has taken place from our mistakes for a long time and you just enjoy your honeymoon with Misty it's all chill"

Ash(scowl) : "but i'm the BEST.."

Brock(sigh) : "alright, i'll give the rigorous.."

Ash(frown) : "bash the Vultures (Misty laughs) for me and f.. (Misty frowns : "Ash!").. whatever, just bash Cerulian Vultures (Misty bursts out in laughter)"

Brock : "you two little brats have always pestered me to death (Misty laughs even more) Misty, cut it he's going to completely devour me up unless you help (Misty tears out of laughter) (sigh) Ash, those two terms.."

Ash(frowns) : "Vulture is anyone who tries to portray that i'm a playboy and all my antics are deceit like if i'm drinking a glass of water it's not because of the fact that

i'm thirsty,but its a ploy to actually get something else"

Brock(sigh, concern) : "Ash,we're sorry we beli.."

Ash(smile) : "you bel.."

Misty(frowns at Ash) : "Ash!beat it,i'm here"

Ash(whinnying) : "my little flower was.."

Misty(sigh) : "Ash, it's alright..cut it"

Brock(smile) : "No,Ash,you really were

right,none..um..only..um(Misty laughs)..alright,you and your flower were always together but a suddenly a herd of vultures flown too quickly (Misty again bursts into laughter)Misty,please help me on this..(Misty laughs uncontrollably)(sigh) anyway.. flown too quickly towards Cerulean causing a little gust which for a very short time span that went away before anybody even could realize,only giving you and your flower a little bit of illusion that you weren't as close..um..(Misty bursts into laughter once more)a little bit closure wasn't immediately needed(Misty laughs) but as soon as it went you and your flower were again together and you didn't even even notice that you weren't at..umm(Misty laughs uncontrollably)..anyhow you never even had the thought that you didn't have to be..umm(Misty laughs)..you didn't ever thought that you don't have to be closer to your flower..which is you and your flower always only wants to

get closer and closer..(Misty laughs)..happy?"

Ash(frown) : "Cerulian means all the brats that had the audacity to challenge my flower uttering the word "challenge" and all those who ever went there with the scant thought of trying to even look at my flower(Misty bursts into laughter) or those who ever said a bad word about my flower must be immediately with their godforsaken families packed off to hell(Misty laughs)"

Brock(sigh) : "all right..Misty,please make sure the destination is absolutely empty including the sky(Misty bursts into laughter again)..the Vultures went to the Cerulian to..alright The Vultures flew from Cerulian to Cerulian (Misty laughs) in a cyclic way that never created an illusion in your mind that you had to be not getting more close to your flower..(Misty bursts into laughter).. happy.."

Ash(scowl) : "why is it so Brock that i've found Viridian had the audacity to put a bike in that damned centre where you work-a bike that came with this illusion that me and my flower had to be parting?(Misty again laughs)"

Brock(sigh) : "Ash,please,may you with your flower be always blessed,let me go Man,please(Misty bursts into laughter)"

Ash(scoff) : "was that a threat Brock?(Misty laughs) that

we're not always blessed,not.."

Brock(sigh) : "Ash,please!it's our mistake that we ever thought there were two different things called Ash and Misty as there really isn't and now we're so happy to know that..(Misty giggles)"

Misty(smile) : "you just made our day Brock,thanks"

Brock(sigh) : "thanks Misty..uh,God saved me today(Misty brusts into laughter)"

Ash(smile) : "sweet sweet Brock.."

Brock : "Misty,take him to honeymoon as quickly as possible and don't return before a year(Misty brusts into laughter again) and be always with him..(smile)..am I wrong Ash?"

Ash(laugh) : "not at all, thanks man,have dinner here"

Brock(smile) : "thanks but.."

Ash(smiles) : "sweet sweet.."

Brock(sigh) : "alright,(Misty brusts into laughter) i'm not cooking (Ash laughs),who has cooked?"

Ash(smile) : "yours truely,enjoy youself(goes to get the dishes)"

Brock(laugh) : "Misty,all your 4 years only just this last few minutes has completely erased away as if it truely was an illusion"

Misty(giggle) : "exactly Brock,i've not laughed like this for

years..thanks to you and thanks to my beau(blush,smile)"

Brock(laugh) : "already poems are flowing all around"

Misty(blush,giggle) : "couldn't desist"

Brock(smile) : "Misty,i'm very sorry that i pressed him like that this morning,but i can see he has just brushed everything off as well"

Misty(smile) : "no i can't mind anymore as i also saw the conclusion,which he repeats to just about everyone at home and Lab and now they are self recognizing his word only to avoid his verbal smacking like you just did,gave Trace a real scare in the morning only to make him say by himself exactly these but yours were far easier as i am here, being with him you know like its been about 30 hours may be and we didn't sleep a win in between yet you see how fresh we both are? in these 30 hours or so i have had like every enotion possible and he gave me this ring as i told you yesterday itself,Brock it just fells i've been married to him eternally..and I can't believe it was so easy to say this exact word,but with him it's just has become too natural that you don't have any second thoughts at all..i can't believe my luck either Brock...even 10 days ago at this very moment where i was and today where i'm today...it's better than every dream i've ever had(blush,giggle)"

Brock(smile) : "very true,today morning i was telling lucy of his words,antics and contents and this night also has been wonderful,really it just truely feels that there never were any separation at all among all of us,and i can't believe he with such reputation and antics would just brush it of like a dust particle in a matter of a day"

Misty(smile) : "right but(concerned) he has taken a big toll himself mentally you know..his sweetness just allows him to express even his grievance in a way that will make those who doesn't like him to absolutely adore him"

Brock(smile) : "absolutely,Misty,you two are just as he said always was is and will be together,but yeah take good care of him and he does need you more than the rest,Trace was smacked because Ash just don't want to let you leave him for a moment right?"

Misty(smile,blush) : "absolutely,but could you believe Brock that the Ash we saw and my real heart-throb since the first sight when i was 12 and now i'm 29..all 17 years so much happening with all 3 of us,this is the biggest evolution really and he's an once only living legend you must've sensed his Pikachu's and his Ganger's ability?"

Brock : "absolute legend in all respect indeed and yeah that Ash and this same thing but may be way sweeter now always fooling around and not wanting ever to stop

and just wanting to be with you all the time.

Misty(smile,Blush) : "yup, that's my Ash!"

.....
